OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Dated 17th March 1950.

To
The Secretary to the Government of Mysore,
Law Department, Bangalore.

Sir,

No. C.C. 46—49.50. This dispute arose out of a Notice of Change dated 8th November 1949 given by the Sri Rama eaving Shed Labour Association to the Management emanding the immediate reinstatement with compensation of wo weavers Munikrishna and Kanniah Naidu, who were ischarged from service on 24th October 1949 and 7th Octo- er 1949 respectively.

Negotiations having failed the dispute was referred to me y the Labour Commissioner under Section 10 (3) of the abour Act for initiating conciliation proceedings.

Notices were issued to the parties to appear before me oday. Sri R. Balasubramaniam, one of the partners and ri Gopalaswamy the Manager, are present on behalf of the Ianagement. No one of the representatives of the Association has turned up. There is no reason to think that the ssociation has had no notice The Assistant Commissioner f Labour, Bangalore, are intervened in the dispute at an arlier stage has made an exhaustive report to the Labour ommissioner. According to the Management, Munikrishna s an inefficient weaver. Because he happens to be the resident of the Association he puts on airs and behaves as hough he is entitled to extra rights and privileges. He ontinuously absented himself for three days and on the 4th ay when he returned to duty he did not deign to offer any xplanations for his absence. When he was told that he was iable to be dismissed under Standing Orders, he retorted that he Management might do their worst and abruptly left the remises. When the Assistant Commissioner of Labour sent or him in connection with the negotiation he did not care to ppear. At one stage the Management were willing to take im back provided he expressed regret and promised good behaviour for the future. He would not agree to this offer.

Regarding Kanniah Naidu, the view of the Management is hat he is a most inefficient weaver who has caused much loss o the concern by his bad work. He is incapable of any improvement.

For the foregoing reasons Sri R. Balasubramaniam says that it is impossible for the Management to take back these two weavers. In the circumstances it is clear that no useful purpose would be served by giving one more chance to the Association to appear before closing these proceedings.

Accordingly I report failure of Conciliation under Section 12(4) of the Labour Act.

Yours faithfully,
K. SUBBA RAO,
Chief Conciliator.

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Dated 17th March 1950.

No. C.C. 54, 55, 56 and 59-49.

To

The Secretary to the Government of Mysore,
Law Department, Bangalore.

Sir,

Four cases, *viz.*, C.C. 54, 55, 56 and 59—49-50 came up for Conciliation on Monday the 6th instant, the parties to the disputes being Sri Krishnarajendra Mills, Ltd., Mysore, on the one hand and the Labour Association of the Mills on the other.

The above disputes arose out of four Notices of Change—two given by the Association and two by the Management. The demands contained in these notices are reproduced as annexure to this report.

On the date fixed for Conciliation the Association was represented by all the office-bearers including its President Sri K. Puttaswamy and Vice-President Sri L. Ramiah, while the Management was represented by Sri B. V. Visweswaraiah, the Secretary and Sri S. V. Srinivasiah, the Office Manager.

The demands of the Association are that the wages of piece workers should be increased by 15 to 25 per cent and that th wages of daily workers should be enhanced by Re. 0-2-0 pe head with effect from 1st January 1949. All probationers wh have worked for three months should be confirmed and tha all temporary workers who have put in a service of six month and more should also be confirmed. The Management shou devote greater attention to the welfare of the workers an give them more facilities. The dearness allowance based o the cost of living index should be calculated at the rate c Re. 0-3-6 per point instead of Re. 0-2-3 per point with effec from 1st March 1950. There must also be an increase c 15 per cent in the rates given to piece-workers who weav long cloth on looms of 42" and 60," the revised rates bein operative from the date these looms started working.

The first notice given by the Management contemplates th discontinuance of the payment of attendance bonus with effec from 1st March 1950. This involves a modification of th agreement dated 6th July 1949. The Management wish t scrap this agreement by giving this Notice of Change, on th ground that it has failed in its main purpose. Instead c improving attendance it has led to greater absenteeism o some pretext or other. The Association's contention is that th period January to March always shows a larger percentage c absentieesm than the other periods since in this season man labourers have to go to religious fairs and marriage partie The attitude of the Management is that whatever the caus the agreement should be treated as null and void since it ha failed to achieve the objective which they had in view. By th second Notice of Change the Management propose to limit th working of the Mills to only one shift or in the alternative t work both shifts for only three days in a week with effe from 1st March 1950. The reasons are: the cotton stocks the Mills' godown is low and is being rapidly depleted. Nati cotton cannot be had except at black-market prices. Th supply of imported cotton is very limited. The Mills h been permitted to import a small quantity of Ame Cotton, but it will take several months for the consignment arrive. The representatives of the Association state that the circumstances explained by the Management they wou agree to the closing of the Mills when stock of cotton exhausted provided the closure takes place simultaneously all sections of the Mills. The Secretary of the Mills howev says that the stock of cotton of the several varieties varies quality, that the consumption of these varieties in the differe sections also varies and that therefore it is impossible to bri about a synchronization in the closure of work in all t sections. The Management are prepared to close section aft section as and when the stock of raw material gets exhauste To this proposal the representatives of the Association do n agree.

Regarding the demands of the Association, the Secretary the Mills states that the Management are prepared to confi all probationers who have attained the requisite standard proficiency. On this assurance this particular demand w withdrawn by the Association. I pointed out that the dema for greater amenities for the workers was vague. The rep sentatives of the Association withdrew this demand al Regarding the other demands, the Management are not p pared to take any steps pending appointment of wage-boa to fix minimum scales of wages for employees in the Text Industry. This board is also expected to go into the questi of rationalization of the Textile Industry by reducing t strength of the employees but without impairing output. the circumstances the permanent vacancies are kept un with tacit consent of the Association. The demands for incr in wages and dearness allowance involve considerable sums money, which the Management are not prepared to consi when the Industry is passing through a severe crisis. T Central Government have recently reduced the margin profit admissible to manufacturers. Besides, cotton is in sh supply as already stated. The profits of the Mills h considerably dwindled especially since January last. T reply of the Association is that the Mills are in a position satisfy the demands of labour to a material extent and t what is standing in the way is want of goodwill on the p of the Management.

I found it impossible to bring about any settlement betw the parties in respect of the various demands. I theref make this report under Section 12 (4) reporting failure of Conciliation Proceedings.

Yours faithfully,

K. SUBBA RAO,
Chief Conciliator.

No. C. C. 26—49, dated 17th March 1950.

To

The Secretary to the Government of Mysore,
Law Department, Bangalore.

Sir,

This dispute relates to the reinstatement of Driver Narasappa who was dismissed by the Central Karnataka Motor Company, Shimoga, on 22nd August 1949. The Shimoga District Automobile Workers' Association gave a Notice of Change to the Management on 9th October 1949, urging his immediate reinstatement. The Assistant Commissioner of Labour, Bhadravati Division, could do nothing in the matter and accordingly the dispute was referred to me for instituting Conciliation Proceedings.

To-day Sri M. G. Dasacharya, Secretary, appeared for the Management while Sri M. K. Pillay, Secretary, represented the Association. The circumstances under which this Driver was dismissed were explained by Sri Dasacharya. On 10th August 1949 while returning from Harihar to Davangere, this Driver stopped the bus full of passengers with the engine running in front of a mosque on a slope and went out to see some 'Thamash'. During his absence the vehicle moved from its own momentum and capsized causing slight injuries to the passengers and damage to the bus. He had been fined twice before and warned several times in writing, for disobedience, unruly behaviour, incivility to passengers, etc. The Management could not get on with him. Hence he was dismissed.

In his report to the Management, the Driver admits that when he stopped the bus and went to the side of the road to ease himself, it moved and fell into a depression. He attributes the accident to the defective hand-brake and says that none of the passengers was hurt and that only the windscreen was damaged. His subsequent statement that he had brought the non-functioning of the hand-brake to the notice of the Management long prior to the accident is altogether denied by Sri Dasacharya. Sri Pillay contended that the punishment given was grossly disproportionate to the alleged offence and that in any event, a notice of change under Section 10 (1) should have preceded the punishment. Sri Dasacharya on the other hand maintained that Section 10 (1) was not applicable, that this driver was incorrigible and that it was impossible for the Management to take him back to service. The result was a failure of the Conciliation Proceedings which I report under Section 12 (4) of the Mysore Labour Act.

Yours faithfully,

K. SUBBA RAO,
Chief Conciliator.

Sir,

No. C.C. 40 & 41—49. The Shimoga District Automob Workers Association gave two notices of change—one to t Proprietor, M. R. Service, Shimoga, and the other to t Proprietor, R. M. Motor Service, Shimoga. Both the notices are dated 17th November 1949 and contain identi demands which are reproduced below :—

1. ಡ್ರೈವರುಗಳಿಗೆ 60 ರೂ. ಬೇಸಿಕ್ ಸಂಬಳ ಇರಬೇಕು. ಅವರ 60-5-100 ರೂ. ಗ್ರೇಡಿನ ಮೇಲೆ ನೇಮಿಸಬೇಕು. ಕಂಡಕ್ಟರುಗಳಿಗೆ 30 ರ ಬೇಸಿಕ್ ಸಂಬಳ ಇರಬೇಕು. ಅವರನ್ನು 30 2-15 ರೂ. ಗ್ರೇಡಿನ ಮೇಲೆ ನ ಸಬೇಕು. ಕ್ಲೀನರುಗಳಿಗೆ 15 ರೂ. ಬೇಸಿಕ್ ಸಂಬಳ ಇರಬೇಕು. ಅವರ 15-1-25 ರೂ, ಗ್ರೇಡಿನ ಮೇಲೆ ನೇಮಿಸಬೇಕು. ಮೆಕ್ಯಾನಿಕ್ಕುಗಳಿಗೆ 100 ರ ಬೇಸಿಕ್ ಸಂಬಳ ಇರಬೇಕು. ಅವರನ್ನು 10.-10-150 ರೂ. ಗ್ರೇಡಿನ ಮ ನೇಮಿಸಬೇಕು.
2. ದಿನ ಭತ್ಯವನ್ನು ವಾಪಸ್ ಬರುವ ಗಾಡಿಯ ಡ್ರೈವರ್ ಕಂಡಕ್ಟರುಗ 1-8-0 ರೂ. ಕೊಡಬೇಕು. ಹಾಲ್ಟಿಂಗ್ ಗಾಡಿಯ ಡ್ರೈವರ್ ಕಂಡಕ್ಟರುಗ 2 ರೂ. ಯಂತೆ ಕೊಡಬೇಕು.
3. ಸರ್ಕಾರಿ ನೌಕರರಿಗೆ ಕೊಡುವಂತೆ ಎಲ್ಲರಿಗೂ ತುಟ್ಟಿಭತ್ಯ ಕೊಡಬೇಕು.
4. ಗ್ಯಾಸ್ ಗಾಡಿಯಲ್ಲಿ ಕೆಲಸ ಮಾಡುವ ಡ್ರೈವರ್ ಕಂಡಕ್ಟರುಗಳಿಗೆ ಅ ಸಂಬಳದ ಜೊತೆಯಲ್ಲಿ 10 ರೂ. ಯಂತೆ ಹೀಟ್ ಅಲೋಯೆನ್ಸ್ ಕೊಡಬೇಕು.
5. ಪ್ರಾವಿಡೆಂಟ್ ಫಂಡ್ ಸ್ಕೀಂ ಜಾರಿಗೆ ತರಬೇಕು.
6. ವರ್ಷಕ್ಕೆ ಒಂದು ತಿಂಗಳು ಸಂಬಳದ ರಜ ಕೊಡಬೇಕು.

The Assistant Commissioner of Labour, Bhadrav Division, made two attempts to negotiate between t parties. But the Proprietors withheld their co-operation absenting themselves on both the dates fixed by him. T result was that both the disputes were referred to this off for initiating Conciliation Proceedings. On 14th Decemb 1949 my predecessor in office who was then officiating Chief Conciliator issued instructions to the Assista Commissioner of Labour through the Commissioner of Labc that one more attempt be made to bring the parties togeth with a view to bring about a settlement. A report has nc been received from him and it reads as under :—

> "I write to state that the Proprietors of B. R. K., R. M M. R., and Janatha Motor Services did not appe before me for negotiations on 6th January 1950 this office at 12-30 P.M. in spite of my repeat requests, and as such no agreement could be broug about between the parties.
>
> In this connection I write to state that the Proprietc of the abovesaid Transport Services are deliberate negligent in entering into any healthy agreemen for improving the conditions of labour though t Labourers involved in this industry are grumbling get their grievances set right early.
>
> Such being the case, in view of the disturbed conditio of industrial relations existing in their industri and the proprietors for not making themselv amicable to any healthy settlement of the Industr disputes in the interest of all the parties concerne I request you kindly to make suitable recommenda tions to the Government in the Transport Depar ment to cancel their licenses immediately.
>
> However, I request you kindly to refer the said Notic of change to the Chief Conciliator in Mysore, initiate conciliation proceedings."

After my return from leave I posted both the cases for day for initiating conciliation proceedings. Sri M. K. lay the Secretary of the Association is present on behalf the Association. The owners of the both the Services are sent. Sri Pillay says that the absence of the proprietors is liberate. He feels no useful purpose would be served by olonging these proceedings.

In the result I report failure in both the disputes under ction 12 (4, of the Mysore Labour Act.

Subject.—Ordinary obligations of Indians in India under the Foreign Exchange Regulation Act, 1947.

Sir,

I am directed to observe that the ordinary obligations of nationals of India under the Foreign Exchange Regulation Act, 1947, do not appear to be known sufficiently widely even amongst Government officials. The object of this letter is to set out briefly the obligations not arising from trade transactions which are of special interest to all Indian nationals.

2. All transactions in foreign exchange are subject to the provisions of the Foreign Exchange Regulation Act, 1947, and regulations and instructions issued thereunder by the Government of India and the Reserve Bank of India. The main obligations fall into three classes.—

(1) Use of foreign exchange granted for specific purposes ;

(2) Opening and operation of foreign currency accounts ; and

(3) Miscellaneous, *e.g.*, bringing in or sending out of currency notes, jewellery, gold and silver, travel facilities, etc.,

3. Foreign exchange sanctioned for a specific purpose may be utilised only for the purpose for which it is granted. Where foreign exchange sanctioned for a specific purpose is not utilised fully, the balance must be sold to an authorised dealer, that is, to a bank or a banking company authorised by the Reserve Bank of India to deal in foreign exchange.

4. Under certain conditions persons resident in India are permitted by the Reserve Bank of India to maintain foreign currency accounts with banks in foreign countries. The Bank has granted general permission to persons resident in India to maintain and operate on accounts in sterling or in any other sterling area currency, provided that such accounts were in existence prior to the 8th July 1947 but fresh credits to such accounts require the prior approval of the Reserve Bank of India. Also the opening of new accounts in sterling by persons resident in India requires the prior permission of the Reserve Bank.

5. The general permission granted above does not apply to accounts held in non-sterling area currencies. Residents of India holding balances expressed in U.S. dollars or Philippine Pesos are required to sell their foreign exchange to an authorised dealer in India within one month from the date of acquisition of the exchange against payment in rupees at the current official rate of exchange in terms of Government of India Notification No. 12 (13) F. 1—47, dated the 25th March 1947. Indian nationals resident in India holding an account in any other non-sterling area currency should apply to the Reserve Bank of India for a licence to continue to hold such account. These applications are considered on their merits. In the absence of a licence from the Reserve Bank of India, however, Indian nationals resident in India who are already holding or who may become owners of any foreign exchange should sell the foreign exchange to an authorised dealer in foreign exchange in India.

6. Persons resident in India who are, or become owners of foreign securities are permitted, subject to the Exchange Control Regulations, to hold or retain these securities. Transactions in foreign securities held by residents can only take place with the prior permission of the Reserve Bank of India. Acquisition of foreign securities by purchase require the Bank's prior approval.

7. Government servants who are posted abroad are permitted to open accounts in the country of their residence without the permission of Indian Exchange Control, but credits to such accounts by remittances from India require the prior permission of the Reserve Bank. On return to India of the account holder, the account should be closed and the amount surrendered to authorised dealer in foreign exchange in India.

8. Foreign exchange (both sterling and non-sterling area) at the disposal of residents of India must not be made available to other against receipt of rupees in India, or any other foreign exchange elsewhere as this would be infringement of the Exchange Control regulations if one of the parties to the transaction is resident in India.

9. There are no restrictions as to the amounts of currency notes or coins which may be brought into india by passengers except in the following cases.—

Bank of England Notes	... £. 5 per head.
Straits dollar notes	... $. 45 per head.
Egyptian notes	... E£. 20 per head.
Australian notes	... A£. 10 per head.

Burma and India notes from

Burma	... Rs. 100 per head.
Indian coins and one rupee notes from Pakistan and Afghanistan.	Coins Rs. 5 in value per head. One rupee Notes—Nil.

The amounts which are brought into India have to be declared to the Customs authorities. Foreign currency notes brought into India have to be sold to an authorised dealer in foreign exchange in India to facilitate purchase by an authorised dealer without intervention of the Reserve Bank of India, it is necessary to declare the notes on arrival to the Customs on appropriate form 'B', 'BX' which is signed and stamped them in token of verification of the declaration. The n should be tendered to an authorised dealer in foreign exch along with the above form which has been verified by the Customs. The permission of the Reserve Bank is also required for taking out Indian or foreign currency notes exceeding in value Rs. 270 per month.

10. The import or bringing in of gold and silver and the export or taking out of gold require the prior permission of th Reserve Bank. As regards jewellery, the Reserve Bank have granted general permission for any person to take at any one time out of India jewellery to the extent specified below.—

(*a*) Any Acceding State, Hyderabad Pakistan and Chandranagore.	Without limit.
(*b*) Afghanistan, Iran, Persian Gulf Ports, Portuguese territories in India and French territories in India excluding Chandranagore.	Up to Rs. 2,00 value.
(*c*) Any other country or place not mentioned in (*a*) and (*b*).	Up to Rs. 5,00 value.

Securities cannot be exported without the specific mission of the Reserve Bank.

11. Applications for travel outside India are decided by the Reserve Bank of India and should be made to the office of the Reserve Bank nearest to the place in which the applicant resides, preferably through the applicant's bankers. Government servants working with delegations and deputed out will route their applications through appropriate Government channels. Basic travel allowances for Indian nationals for all countries other than the Continent of America and th Philippine Islands have been laid down for the purpose travel abroad for pleasure or personal convenience. Unexpe ded amounts in foreign exchange have to be offered to authorised dealer on return to India.

12. The infringement of any of the provisions of excha control is punishable under the Foreign Exchange Regulat Act, 1947.

Yours faithfully,

G. R. KAMAT,

Joint Secretary to the

(HOME DEPARTMENT)

No. H. 157—Mily. 54-49-8, dated 5th April 1950.

According to the Constitution of India, Defence is a Central Subject and the question of the future of the Mysore State Troops has been under the consideration of this Government and the Government of India for some time. It has now been decided that the administrative control of the Mysore State Troops, except the Palace Units, be handed over to the Indian Army authorities with effect from 1st April 1950.

The Mysore State Troops have had a long and glorious tradition and have won for themselves many laurels on the fields of battle on more than one front and in more than one War. Their unflinching loyalty to His Highness the Maharaja, their unfailing devotion to duty, and the efficient and courteous manner in which they have borne themselves on all occasions, have earned for them an abiding place of affection in the hearts of every citizen. In bidding farewell to them, His Highness the Maharaja wishes to convey to the Chief Commandant, Officers and men of all ranks of the Mysore State Troops, his deep sense of appreciation of the onerous duties discharged by them till now, and is confident that they will continue to serve the larger interests of the country with the same patriotic zeal and spirit which has characterised all their actions so far.

By Order of His Highness the Maharaja.

K. SRINIVASAN,
Chief Secretary to Government.

HIS HIGHNESS THE MAHARAJA'S MESSAGE.

The Palace,
Mysore, 28th March 1950.

On the occasion of this Farewell Tattoo arranged on the eve of the Integration of the Mysore State Troops with the Indian Army, I take the opportunity of conveying my deep sense of appreciation and regard to you, officers and men of all units of the State Forces, and of wishing you every success in the work and duties that lie ahead of you.

The merging of the State Forces with the Indian Army is indeed the natural consummation, in the sphere of National Defence, of the general process of integration which has been progressing so rapidly in all branches of our administration during the past two years and more, a process which will weld together the previously-existing somewhat diverse units of this great country, and will forge a strong and unified Nation. It will now be your duty, as it will be your privilege, to serve the larger interests of India, and I am certain that you will bring to bear in this endeavour the same zeal, thoroughness and patriotic spirit which have characterised your conduct in the past.

I do not wish on this occasion to make any detailed list of the outstanding achievements of the Mysore State Troops in the past, but the mere mention of Mesopotamia, Egypt, Gaza, Jordan, Malaya and the Aid-to-Russia Convoy, bring before the mind's eye in a flash as it were, over the span of two World Wars, your deeds of daring and steadfastness under the most trying and harrowing conditions. And the Government of India have on several occasions availed of and been very grateful for your services, in emergent situations that have arisen within our own country, more especially during the past two or three years. It is your conduct on all such occasions (conduct that has earned for individuals among you recognition of such a distinguished nature as the Military Cross, the Distinguished Service Order, the Indian Order of Merit and the Order of the Russian Star) that has made the word "Mysore" synonymous, in Military parlance, with courage, perseverance and devotion to duty.

Yours is indeed a proud record; I have not the slightest doubt that in your hands the future of that record will be in safe keeping, and that in the discharge of the duties that will now devolve upon you, you will bring nothing but fresh credit and honour to your respective Units and the Colours you serve. The glorious chapter of Mysore Military history which began with the raising of the Mysore Horse in 1749 and the first units of the Barr Infantry in 1761 is now about to merge into the story of the achievements of the Defence Forces of a free and united India. I am confident that in the latter record you will play a part worthy in every way of the grandest traditions of the past.

The thoughts of all Mysoreans will be with you today on the eve of this historic Change-Over; I join the people of the State in wishing every one of you success in your endeavours, good luck and God-speed.

JAYA CHAMARAJA WADIYAR,
Maharaja of Mysore.

FFICE OF THE CHIEF CONCILIATOR, IN MYSORE, BANGALORE.

No. C. C. 34 & 35—49-50, dated 10th April 1950.

o

The Secretary to the Government of Mysore,
Law Department, Bangalore.

ir,

These disputes have risen on account of a Notice of Change iven by the Bangalore Automobile Employees' Association to 1) Messrs. George Oakes Ltd., Residency Road, Bangalore. nd (2) Messrs. Simpson & Co., Ltd., Bangalore. The Notices re dated 27th October 1949 and contain the following wo demands.

1. Bonus equal to 4 months' pay to be paid for the year 1949.
2. *Scales of Pay* :—The following grade to be accepted.

	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.

The Assistant Commissioner of Labour, Bangalore Division. aving failed in bringing about an amicable settlement the disputes came up before me to-day for initiating Conciliation Proceedings.

The Association was represented by its Vice-President, Secretary and Assistant Secretary, Sri C. M. Narayana yengar, Manager appeared on behalf of Messrs. George Oakes Ltd., while Sri Mascarenhas represented Messrs. Simpson and Co., Ltd., Sri B. V. Venkataraman, the President representative of the Amalgamations Ltd., and the Assistant Commissioner of Labour, Bangalore Division, were also present.

The Management of both the Concerns do not accept the classification of employees given in the Notices of Change. They say that their workers get better wages than those in other similar concerns in Bangalore. Their rates of Dearness Allowance namely Rs. 34 to 35 are also very high. The business has become very dull owing to the complete prohibition of import of American Cars. Cars and Trucks are permitted to be imported in a limited number from the Sterling areas, but customs duties on them have been raised to almost prohibitive levels. Since the last 7 or 8 months, the Oakes Ltd., are incurring a loss in their workshop section while the profits made by Messrs. Simpson in this Section have considerably dwindled. Both these concerns usually give wage increments depending on the merits of each employee once a year and one month's bonus is also given since the last 4 or 5 years. It is too early to say whether the working of these concerns justifies the grant of a bonus for 1948-49. This question has to be decided by their principals at Madras. In the meanwhile the local representatives have no authority to commit their principals to the grant of a bonus or incremental scales of wages as specified in the second demand.

The labour representatives argue that these concerns are on a prosperous conditions and that their demands are just reasonable. They allege that the supervising staff consisting of the Manager, the Engineer, etc., get fat commissions in addition to their fixed salaries. The Audited Balance sheets of the Bangalore Branches of these concerns are not available. It was therefore not possible to say whether the workshop Sections are making a profit or not. The Association is unwilling to withdraw the Notices of Change. The result is a failure which I report under Section 12 (4) of the Mysore Labour Act.

Yours faithfully,
K. SUBBA RAO,
Chief Conciliator.

No. L.S. 248—L.W. 29-50-4. In pursuance of sub-section (4) of Section 12 of the Mysore Labour Act, 1942 (Act XIII of 1942), His Highness the Maharaja of Mysore is pleased to direct the publication of the accompanying Report of the Chief Conciliator in Mysore, Bangalore, in respect of the failure of Conciliation Proceedings in the dispute between the Mysore City Hotel Workers' Association and the Secretary of the Mysore Hotel Owners' Association, Mysore, in regard to a notice of change dated 15th December 1949 given by the former to the latter.

By Order of His Highness the Maharaja,
B. S. PUTTASWAMY,
Secretary to Government,
Law Department.

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Dated 12th April 1950.

No. C.C. 53—49.

To
The Secretary to the Government of Mysore,
Law Department, Bangalore.

Sir,

This dispute has arisen owing to a notice of change dated 15th December 1949 given by the Mysore City Hotel Workers' Association to the Honourable Secretary of the Mysore Hotel Owners' Association. The annexure to the Notice contains the following five demands :—

1 We request that four months' wages to be paid as bonus including the Independence Day bonus for the year 1947-48.

2 To introduce Provident Fund Scheme applicable to all the employers in your Hotel.

3 The Proprietors are requested to deduct the month subscriptions of annas four only from the wages the employers and hand over the amount to t Registered Workers' Association.

4 Therefore requested to pay off the over-time wag during the Dasara season due to the workers a also to grant them holidays as approved in t Shops and Establishment Act 1942.

5 Since the nature of work in the hotel is easily liable make a worker fall ill, the Proprietors should be all the expenses in connection with the worke illness.

The Assistant Commissioner of Labour, Mysore Divisi having failed to bring about a settlement, the dispute came before me to-day for initiating Conciliation Proceedings. T Workers' Association was represented by its President a Secretary while Sri Devi Prasad, the President and Sri Bad Prasad, Vice-President were present on behalf of the Owne Association.

After a preliminary discussion of the several demanc the representatives of the workers stated that they wou withdraw all the demands provided the owners agreed to gi one month's bonus to all the employees for the year 1947–4 The representatives of the owners stated that they we unable to concede even this demand. They stated that Hotel or Restaurant in the State had ever granted bonus its workers in any year. The economic conditions of t Hotel Proprietors were deplorable. Except about half dozen hotels and restaurants the other concerns in the Myso City were living from hand to mouth. Unlike in the neig bouring States, no rationed articles except sugar were issu to restaurants. Besides the levy of the Sales Tax had hit t Hotel Proprietors very hard and not more than about Concerns had paid up this tax and become eligible to recei the usual sugar quotas. Except in Madras and Mysore State Hotel Workers were not given free meals, free tiffin, coffee tea. Having regard to these circumstances, the Owne Association could not agree to the grant of any bonus. was suggested by me that the two parties might refer t matter to arbitration. This suggestion however did n commend itself to the owners. As a result, the Conciliati Proceedings resulted in failure which I report under Sectic 12 (4) of the Mysore Labour Act.

Yours faithfully,
K. SUBBA RAO,
Chief Conciliator.

r,

This is a dispute between Messrs K. H. Shama Rao & Sons, mployees' Association and the Management and arose out of Notice of Change given by the former on 21st December 49. The annexure to the Notice of Change reads as nder:—

Whereas by identical notices dated 20th December 1949, e Management of K. H. Shama Rao & Sons as represented y their Manager have thought fit to terminate, with effect om 21st December 1949, the services of the following nployees of their concern, namely (1) M. S. Sitharam, . No. 201, (2) Nanjundaiah, T. No. 64, (3) Gurumurthy, . No. 19, (4) Kodandu, T. No. 21 and (5) Nataraj, T. No. 20, whom the first is that President of the Employees' Association of the Concern, the succeeding three are members of its xecutive Committee and the last is an active ordinary member the Association, for the alleged sole reason that they are, to iote from the notice of discharge "Canvassing the employees join for a strike as per the notice published on 3rd December 1949".

And whereas there is nothing in the notice of the ssociation referred to by the Manager to warrant the ssumption that a strike is contemplated immediately for hich any employee could be rendered liable for any activity n his part for any penal action and where in fact it was ade explicitly clear to the Manager on behalf of the mployees' Association by its Secretary, that there was no itention on the part of the Association or any of its nployees of launching on the immediate strike at present.

Whereas, notwithstanding this assurance, a pretext of a upposed strike is sought for penalising these employees for eing active members of the Association,

Whereas, additionally, no explanation has been called om, nor an opportunity given to the discharged employees to ndicate themselves, where "canvassing" is more assumed an proved and brought home.

Whereas, further, it is not unlawful for any employee to igage himself in any lawful trade union activity including anvassing for a strike declared legal under the terms of the ysore Labour Act, 1942, where in other words canvassing is ot '*perse*' illegal.

A case, therefore, is, in the opinion of K. H. Shama Rao Sons' Employees' Association, conclusively established of ictimisation, the real purport of the discharges being to enalise the discharged employees for their lawful and egitimate activities as members and office bearers of the ssociation, in short to break the Association and its ollective strength, even on the avowed allegation on the ischarge notice itself, and victimisation being unlawful and nadmissible under law, the discharges are illegal and so the ssociation demands of the Management that they immeiately reinstate the discharged employees with such compenation as is due and proper.

During the Conciliation Proceedings which were held to-day Sri K. S. Hanumantha Rao appeared on behalf of the Management while the Association was represented by its President Sri M. S. Sitaram and Sri Nanjundiah, a member of the Executive Committee.

It appears that of the five persons discharged, Sri Gurunurthy, T. No. 19 and Sri Kodandu, T. No. 21 have accepted one month's wages in lieu of Notice and left the Factory. The dispute is therefore between the remaining three persons and the management.

The case for the management is that on 3rd December 1949 the discharged members distributed hand bills inside the Factory premises inciting the workers to stage a strike. Besides, these members were actually engaged in asking the workers to slow down the production if not to stop it altogether. The Management had previously issued final warnings to all of them except Sri Sitaram that they would be discharged f they did not desist from their mischievous activities. Even Sri Sitaram had been given one warning. They found it impossible to carry on the work with such mischievous elements continuously fomenting trouble among the employees. It was therefore necessary for the Management to take the extreme step of discharging all the five persons on 20th December 1949. The latter except Sri Gurumurthy and Kodandu have filed a criminal complaint against the Management under Section 24 of the Mysore Labour Act and the case is now pending. The Management have offered these persons also one months' wages in lieu of notice. Standing Order 23 gives the Management full powers to terminate the services of any employee causing indiscipline among the workers. It is not possible to take back the discharged persons. But the Management are willing to consider any suggestions for giving alternative additional relief to the three discharged persons who have not accepted one month's wages in lieu of notice.

The case for the Association is that the Management have acted in a most high handed manner and seem to feel that they could do as they please if they got rid of the most active members of the Association. The first four discharged persons are the office bearers of the Association while the last is an active member. The hand bill distributed merely points out that the Management have given no relief to the workers and exhorts them to be ready even to strike but strictly in conformity with the procedure laid down in the Labour Act. There is no incitement in it that the workers should stage an immediate strike or that they should slow down or stop the production. The Office bearers know full well that the chances of the workers securing better wages and greater amenities are wholly dependent on their maintaining production in the Factory at the full level. The accusation of the Management that they were actively engaged in fomenting trouble is therefore palpably false. The Association cannot accept any compromise in this case andinsists on the reinstatement of the three discharged persons who have declined to accept wages in lieu of notice.

The Assistant Commissioner of Labour, Bangalore Division and I tried to persuade both the sides to compose their differences and drop the criminal proceedings. These efforts were unavailing. The result is a failure of the Conciliation Proceeding which I report under Section 12 (4) of the Mysore Labour Act.

Yours faithfully,
K. SUBBA RAO,
Chief Conciliator.

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

No. C. C. 58—49-50, dated 14th April 1950.

To

The Secretary to the Government of Mysore,
Law Department, Bangalore.

Sir,

The Binny Mills Labour Association gave a notice of change on 4th February 1950 to the Managing Director of the Bangalore Woollen, Cotton and Silk Mills, Co., Ltd. The notice has an annexure appended to it which contains 31 demands. There are several items in many of the demands and these items in the aggregate are more than double the number of demands as enumerated in the annexure The latter occupies six printed foolscap pages, and a copy of it is appended to this report as a schedule.

On receipt of the above notice of change, the Managing Director sent the following reply to the said Association in his letter dated 10th February 1950.

> We notice that many of the demands contained in the annexure to your letter are similar, to those of the resolutions sent with your letter No. 190-49—BM of 30th May 1949, and we refer you to our various letters on the subject, ending with ours No. 9—12, dated 10th December 1949.
>
> A Registered Association desiring a change in any standing order settled under Section 9, or in respect of any other industrial matter which is likely to lead to an industrial dispute, must state clearly the dispute that has actually happened or apprehended by reason of demands and discussions taking place amongst the workers and Management. to enable the latter to consider the existence and the nature of such dispute and do what is necessary in the matter. In spite of our repeated requests, however, you have failed to give us evidence of such grievances. Many of the statements too made in your annexure are contrary to fact, of which you must be aware. We also point out tha some of your demands are governed by statuator provisions, hence such demands will be dealt with in accordance with the existing law relating to suc matters.
>
> In continuation of our letter No. 9—12, dated 10th December 1949, we should like you to give us specifi instances of the following charges of an extremel vague nature (besides the items already mentione in your previous letter) under the following heading so that we may go into them and take what action i necessary.
>
> V. INDUSTRIAL WELFARE.
>
> Items 6, 7, 9, 11, 16. 25 and 26.
>
> VI. SOCIAL WELFARE.
>
> *Item 1.*

On the 20th February, the Assistant Commissioner of Labour, Bangalore Division, took up negotiations with th representatives of the Management and the Association bu was unsuccessful in bringing about a settlement. On 28t February 1950, he reported the results of his negotiations t the Commissioner of Labour in a letter which is re-produce below :—

> *Subject.*—Notice of change dated 4th February 1950 given b the Secretary, Binny Mills Labour Association, t the Managing Director, Bangalore Wooller Cotton and Silk Mills Co., Ltd., setting forth 3 demands.
>
> With reference to the above, I have the honour to stat that negotiations were held in this office betwee 2-25 P.M. and 6-15 P.M. on 20th February, 1950. Th Association was represented by the President, Secretary, Sri D. Venkatesh, Treasurer and some Executiv Committee members. The Management was represented by the Managing Director, Mr. Thomas and Labou Officer *Rao Saheb* R. T. Naidu.
>
> I may be permitted to mention in this connection tha Mr. Thomas, the Managing Director objected at th very outset that this notice of change was not in orde since some of the demands listed therein were no industrial matters. I referred him to Section 3 (ii) o the Mysore Labour Act, 1942 and said that the definition of the term industrial matter was comprehensiv enough to bring within its scope the subjects containe in the notice of change. The Managing Director di not entirely agree with me but however said that h would attend the negotiations under protest.
>
> Regarding the first five demands. the Management sai that till the Minimum Wage Board fixed the wage they were not prepared to concede these demands. Th representatives of the Association pressed for th demand.
>
> Then demand No. 6 was taken up. The Management sai that it is a general demand and wanted specifi instances so that they could investigate. The Associa tion representative said that they were prepared to giv sufficient instances. But they had no records on han and hence the next demand was taken up. The Manage ment said that wage rates for the female workers hav to be fixed by the Minimum Wage Board. Regardin 8 (a) and (b) and II allowances 1 (a) and (b) the Manag ment said that the pay of clerical staff was also to b fixed by the Minimum Wage Board.
>
> II 1 (a) The Management pleaded inability to conce the demand. The Association pressed for th demand.

(2). As for night shift allowance, the Management said that they were not prepared to increase the existing allowance. Mr. Thomas said that no night allowance was paid to Textile workers in Bombay and Ahmedabad. Regarding special allowance, the Management said that there is no specific orduous or hazardous work to claim special allowance. Mr. Thomas asked for clarification and said unless it is proved they were not prepared to concede the demand. The Association pressed for the demand.

I. The question of Bonus was taken up next. The Management said Bonus is an ex-gratia payment and that up to now they had followed their rules. Mr. Thomas said that they note what is contained in the demand. Regarding (b) and (c) also Mr. Thomas said that he had noted. Regarding payment of 3 months' bonus in view of the profits earned during war years, Mr. Thomas regretted his inability to concede the demand. He also said it was not possible to grant any extra benefit for those who had putin 27 years of service. As for demand 4, Mr. Thomas said that book bonus was discontinued in 1930 and could not be revived now, as conditions have changed.

V. The question of holidays was taken up next. At the outset the management said it was not a demand and were prepared to wait for Government rules and further said that they were giving the same privileges as contemplated by the Act. The Management were not prepared to increase the Festival Holidays. Regarding casual leave Mr. Thomas said that there was no change in the policy. About sick leave the Management said that any such case as referred to in the demand and brought to the notice of the Management will be considered on its individual merit. As for 4 (b) the Managing Director said he would look into the representation made *re* the Doctor and grant of sick leave.

I. *Industrial Welfare.*—Regarding item Nos. 1 to 4, Mr. Thomas said that they had requested Government to acquire land 18 months back but they had not done so. Until the land is acquired he said they were not able to do anything. As for 5, Mr. Thomas said Government should be moved to remove rationing. 6 and 7 are bound up with sick leave 4 (b) and will be looked into said Mr. Thomas. About the next demand (8) the Managing Director said that protective garments were being given to oilers and he also said that the Association may give further suggestions. The Management was not prepared to argue question No. 9. They wanted specific instances of permanent reduction, in respect of demand No. 10. The Association representatives cited the case of one Ramakrishna. The Management said they would look into the matter. No specific instances were given by the Association about discharges affected under 27 years rule, *vide* demand 11. The Management had no objection to recruit labour through the employment Exchange as suggested in demand 11. About No. 13, the Management said it was not possible. The management noted question 14. Association cited instances where promotions were not given. 15 refers to jobbers being promotsd as Supervisors. Management said they had promoted two jobbers last year. 17 was noted by the Management, As for 18, the Management said promotions were decided not by one officer but by several officers. (19) The Management was heartily in agreement with the demand No. 20. The matter is engaging the attention of the Management. 21. The Management was not prepared to concede to the request of the Association. They further said that 50 to 60 houses were being constructed every year. 22. The rent in Binnypet is not exhorbitant said Mr. Thomas. 23 A to J. The Management requested to pass on to the next question. 24 about this they said that the rates were posted but some were removed. The Association representatives disputed the correctness and Mr. Thomas said that they would however be posted again and screwed up. 25 the Management Association gave the name of Varadan—Mule—Mr. Thomas said compensation had already been paid and that that, they did not want to engage workers with one hand. 26 the management were awaiting the rules and were willing to abide by them. 27 the Management was prepared to do the needful in all such cases brought to their notice 28 suggestion was noted by Mr. Thomas. 29. The Management replied that they have full discretion in all questions of recruitments and appointments. 30. Mr. Thomas said this has been done. 31. He suggested that workers sho approach Government to increase the bu services.

VI. *Social Welfare.*—Mr. Thomas said that this was the first time that this matter was referred to them. *Re* (f) he said holiday was granted on Indian Independence Day.

VII. *Miscellaneous.*—Mr. Thomas said that the Association had brought about these changes to prejudice the authorities because they were not based on facts.

Under the circumstances no agreement could be brought about between the parties. The notice of change may kindly be referred to the Chief Conciliator under Section 10(3) of the Labour Act for initiating Conciliation Proceedings."

The Association sent a reply to the Managing Director's letter quoted above in its letter of the 4th March which reads as under:—

With regards to the first paragraph of your letter, we are unable to agree with you on the point that the demand (1) Wages, (2) Allowances, (3) Bonus and (4) Holidays etc., should not be discussed now in view of the pending formation of the Minimum Wages Board by the Government. We should like to state here that the Wage Board you make mentioned of can be conceived only as under the Mysore Minimum Wages Act. As such it shall be given to the Wage Board to decide only the issue of fixing Minimum Wages and no other issues (connected with wages, allowances, Bonus, Holidays and other privileges, etc.) As you are aware that our demands do not concern only the Minimum Wages such of the issues *Re* the demands on Wages except the Minimum Standard, shall be out of the per-view of the Wage Board. Again as far as the minimum wage demand is concerned, we are decidedly of opinion that fixing up of wages on our existing Minimum Basic wage now shall in no way prejudice the procedure of the ensuing Wage Board, which is not at all in a position to avert the existin industrial unrest on the present matter and circums tances. As it is only contemplated after years, it wi not solve our trouble on hand at present. Similarl the points of allowances, Bonus, Holidays have n hearing at all to the Wage Board.

As per the Holidays with pay suffice it to say that t factories amendment act envisages only a minimu number of guaranteed holidays with pay where there no such guarantee at all in practice now. One sha mistake the purpose of that law, if it is taken othe wise. Thus please allow us to say that for fixing u the number of guaranteed holidays with pay and f improving the conditions governing such other hol days in practice, we need not await the rules.

Your contentions on the above matter is definitely wit the bad motive of putting off our demands. We ha also agreed in the presence of the Honourable Minist for Law and Labour, to discuss and arrive at a mutu settlement on all points. Whereas even on the of our Executive Committee sitting with you on 2 March 1950, from 10 A.M. to 3-15 P.M. you ha orally promised us that you will consider and discu those demands after discussing and getting clarifi (5) Industrial Welfare, (6) Social Welfare, (7) Misc llaneous, which we have explained in person. Wh we have given certain names specific instances y have informed us to give their token numbers and depa ments, etc., to which we have promised to inform yo

Moreover, to commit that the Honourable Minister for L and Labour agree with your contention is deliberate alleged. We are pained to see such statements mis presented in writing. We only regret our helplessne on the way you drive us for a trouble. However, will try our best to assist you with such of the speci

> clarified the matter to you in person before the Assistant Commissioner of Labour, the Hon'ble the Minister for Law and Labour, on 20th February, 23rd February and 2nd March 1950.
>
> We trust at least in future, you will try to be straightforward as you have asked us to be during our discussions, when we have met and discussed for a settlement.
>
> Hoping that you will endure your best to meet us again and decide matters to the best of all concerned.
>
> "Thanking you."

There was a rejoinder by the Management on the 3rd March which runs thus :—

> At the meeting in this Office yesterday with your Executive Committee in connection with your Notice of Change dated 4th Februry 1950, we informed you that we were unable to discuss demands (1) Wages, (2) Allowances, (3) Bonus and (4) Holidays as they are premature in view of the pending formation of Wage Boards by Government, and also the publication of rules for the Factories First Amendment Act, 1948, "Holidays with Pay".
>
> We have already put forward this contention before the Assistant Commissioner of Labour during the proceedings under Section 10 (3)) and subsequently (during our meeting with you before the Minister for Law and Labour, who agreed with your contention.
>
> With reference to the other demands (5) Industrial Welfare onwards, we have requested you on several occasions, previously besides during the Meetings with the Assistant Commissioner of Labour and the Minister for Law and Labour, to give us specific instances in support of the many vague allegations made in your Notice of Change, but you were once more unable to substantiate any of the Charges you have made.
>
> We confirm that we told you that as soon as you gave us specific instances of these charges we would investigate them thoroughly and request you to meet us again so that the matters may be explained to you, and we were glad to receive your assurance that you would write to us very shortly with the necessary information.
>
> You must realise that it is necessary for you to give us specific instances of any grievances so that they can be investigated and rectified to the best of our ability. We are always anxious to do what we can for the welfare of our workers."

This was followed up by another letter on the 18th March 1950 from the Managing Director which is reproduced below :—

> Your letter dated 4th March and our letter dated 3rd March 1950.
>
> While reiterating the several statements contained in our letter dated 3rd March 1950, we still maintain that most of the demands under (1) Wages, (2) Allowances, (4) Holidays with Pay (5) Industrial Welfare (6) Social Welfare etc., are governed by specific provisions of law and that therefore they are premature. With reference to the several demands made under III 'Bonus' we see no reasonable grounds to grant any fresh bonus or to alter or amend the existing rules regarding payment of Half-yearly Bonus, Production Bonus, etc., as already expressed before the authorities referred to in our letter. Besides, we have already pointed out that your Notice of Change is not in accordance with the provisions of the Mysore Labour Act, inasmuch as most of your demands contained therein are vague and arbitrary in the shape of suggestions, advices, etc. The demands should be specific and based on some principles, especially with reference to the existing conditions in other allied concerns in the State. We again confirm that as soon as you give us specific instances in in support of the many vague allegations made in your Notice of Change, we would investigate them thoroughly. In spite of your assurance on several occasions that you would furnish us with the necessary information, you have failed to do so. We are always anxious to do what we can for the welfare of our workers.
>
> Your letter No. 144-50—B. M., dated 17th March.
>
> *Pass-outs.*—As requested, we have already made suitable arrangements to issue pass-outs to those mentioned in your letter".

Altogether, it is understood that the representatives of the two parties held discussions on three occasions either by themselves or in the presence of the Assistant Commissione of Labour. It is also understood that these representative waited on the Minister for Law and Labour and urged thei respective view points. Notwithstanding their efforts it wa found impossible to bridge the gulf between them. Ultimatel the dispute was referred to me by the Labour Commissione for initiating conciliation proceedings.

I took up the task of conciliation on the 12th instan The Management was represented by Mr. F. M. Thomas, th Managing Director, assisted by the General Manager and th Labour Welfare Officer. The office-bearers of the Associatio attended in full strength including many members of th Executive Committee. The Assistant Commissioner c Labour, Bangalore Division, too was present.

After a preliminary discussion of the demands in which both the parties participated, the individual demands wer taken up for consideration. I soon realised that the view points of the two parties were so far apart that there was n possibility of making them arrive at an amicable settlemen by the well-known method of give and take. The respectiv attitudes of the parties are sufficiently made clear in th exchange of correspondence reproduced above. The Management are not prepared to consider the general demands of th Association which they contend are often couched in vagu language and have no relation to the reality of the situation They are however willing to investigate individual grievance if sufficient details are furnished, with a view to remove thos grievances. Further, they are opposed to act in advance o the recommendations of the Wage Board proposed to be set u under the Minimum Wages Act.

The attitude of the Association is that the Binny Mills i one of the most flourishing textile concerns in India and tha the Management should set an example to other concerns b introducing radical reforms in an attempt to substantially rais the living standards of its employees and to promote thei well being in all possible ways. It is not satisfied with th argument that while 14 per cent of the divisible profits i given to the share holders, the labour has received as much as 20 per cent of those profits in the shape of bonus. It i contended that the Mills made immonse profits during th war years and that even now the concern has a large reserv which can be utilised for ameliorating the condition of it employees. The representatives of the Association are no satisfied with the reply of the Management that the provisio of dining sheds and a Canteen for the employees has bee held up owing to the delay on the part of Government i completing the acquisition proceedings. They say that if th Managing Director makes up his mind, he can certainl provide there aminities in the space available within th Mills' premises. They are not impressed with the argumen that the sheds which the employees have in view are require for the urgent expansion of the Mills. There is also complain that the Management are harassing the workers in variou ways. They contend that the leave reserve has been cu down so much that it is nowadays extremely difficult for an employee to obtain leave without a medical certificate from the Mill Doctor or a death certificate from the Municipa authorities. They maintain that the Management's insistence for particulars regarding individual cases is merely a cloak to delay urgent reforms and that only a thorough investigation into the working of the Mills and an examinatio of its records will reveal how genuine are the grievance of the employees and how obstructive are the tactics adopte by the Management, They are wholly unimpressed with the argument that taken by and all the labour of the Mills receive the best treatment and highest wages among the Textile Mills in Mysore.

From what is stated above it is clear that the representatives of the Association are too impatient to wait and are anxious to translate their ideas of a welfare state into immediate action while the Management are all for following a cautious policy in view of the uncertain conditions nov prevailing in the Indian Textile Industry... As an instance o the present difficulties of the Textile Mills in India the Managing Director referred to the delay on the part of the Central Government in issuing permits for the import of woo from Australia which caused a loss of several crores of rupees to the Textile Mills. In the circumstances, I found it impossible to bring about rapproachment between the two parties. The conciliation proceedings ended in failure which I report under Section 12 (4) of the Mysore Labour Act.

Yours faithfully,

K. SUBBA RAO,
Chief Conciliat

Annexure.

I. WAGES.

1. Basic Minimum Wage be increased from Re. 0-14-9 per ay to Rs. 1-8-0 per day.

2. The piece-work rate in cotton weaving department be xed according to the quality of the cloth weaved and width f the looms, *viz.*, 41 and 47″ on Drop-Box; or Northrop ooms. Suggest Re. 0-1-6 per 10,000 picks on 41″ and e. 0-2-0 per 10,000 picks on 47″ looms, Drop-Box Re. 0-4-0 er 10,000 picks be fixed.

3. In the event of fixation of higher Basic Minimum Wages nder items 1 and 2, all the other existing wages rates ither piece-work or time rates should be correspondingly ncreased in all other departments.

4. Job classification must be undertaken and rates of pay ust be fixed based on individual skill and ability required r each job. Promotions to higher paid jobs must be systeatically operated, affording thereby incentives for better roduction.

5. Whenever piece-work rates are fixed by the Managenent for samples or new qualites, they should notify workmen of their intentions and allow them sufficient time for unning such samples during experimental stages, before piece-ork rates are finally fixed for such qualities. While such xperimental work is being done the workers should be paid with their own average wages earned during the last three receding months. When a new rate is fixed for the new uality, such rate should not be less than nominal earnings of those workers employed in that section.

On the other hand, the Management generally fixed a lower rate and thereby causing unnecessary loss to workmen. This practice must be forthwith stopped.

6. (*a*) The existing practice in the mills, that a worker on transfer is not given the benefit of his own service percentage and wages is entirely wrong in principle. In all future transfers to the higher paid jobs, no service percentage should be cut off. In such of the cases, where service percentage and wages have already been cut-off, they must be paid "short wages".

(*b*) In all cases, where a worker is allowed to act in the higher paid job, he should be given the acting pay of such a job to which he is or will be transferred together with such allowance admissible to him in that job. In such of the cases, where workers sufferred in this behalf should be paid with their "short wages".

7. The wage rate of the female workers should be the same with those of male workers, especially when similar work is undertaken by them.

8. (*a*) *Clerical Staff*:—It is demanded that the scale of clerks pay be revised and graded as follows :—

		Rs. a. p.	Rs. a. p.	Rs. a. p.
Probation grade ..	—6—	45 0 0	...	
Ordinary ..	—5—	50 0 0	1 8 0	54 8 0

Do ..	—1—	84 0 0	10 0 0	124 0 0
Special Selection grades on merit.	..	124 0 0	...	150 0 0

Increments depending upon the efficiency and service.

(*b*) *Junior Clerks*:—It is demanded that the scale of Junior Clerks be revised and graded as follows :—

Rs. a. p.	Rs. a. p.	Rs. a. p.
35 0 0	1 0 0	40 0 0
41 8 0	1 8 0	47 8 0
50 0 0	2 8 0	60 0 0
60 0 0 and above on efficiency and service.		

Note:—On completion of ten years satisfactory service, Junior Clerks should be absorbed in the appropriate grades fixed for full clerks.

II. ALLOWANCES.

1. (*a*) The payment of Dearness allowance should be increased from Re 0-2-6 per point rise to Re. 0-4-0 per point rise.

(*b*) Dearness Allowance should be made payable for full month and not for number of days worked as in practice now and thereby covering all those employees, who will be given no work (played-off) leave.

2. Night Allowance should be increased from one anna per night shift to four annas per night shift.

3. Special allowance of four annas per day should be made payable to such of those workers who are engaged in hazardous occupations such as (1) employees engaged in dealing with obnoxious chemical processes in Dye House and specially ardnous jobs in Mechanic Shop. Welding, (2) Casting, (3) Moulding, (4) Woollen-Teasing and Woollen Carding, Milling and Cotton Blow Room and Boiler House.

III. BONUS.

1. (*a*) It is customary, that half-yearly Bonus is paid the Management to all their employees who on their rolls on 30th June and 31st December the year, for which the Bonus is paid. Follow such a policy they are rendering great injus and hardship to those, who would have served some months yet derive no benefit of the paym of Bonus. Therefore, suggest such of those w have put in considerable service be also gi the benefit of the payment of the Half-yea Bonus. There have been innumerable instan in the past, where the Management have forfei such Payments of Bonus to workers which sho be reviewed and claims for arrears of Bo entertained.

(*b*) The system of paying a Production Bonus sho be introduced in all the departments with int to encourage greater production.

(*c*) The existing payments of Good Piece Bonus Cotton Weaving Department is very low and suggest it should at least be doubled.

2. In view of the enormous profits earned by the Management during the War Years, at least three months pay as BONUS be made payable to all the workers, to compensate for their stress and strain to cope up with the greater production during the War Years.

3. For all workers who have put in considerable years of service and discharged services-no-longer required under 27 years service rule or otherwise a payment of Bonus calculated at the rate of a month's pay for every year of service must be made payable to provide for their old age or loss of job etc.

4. The payment of Book Bonus should be restored to all the employees as was in practise.

IV. HOLIDAYS.

1. *Holidays with Pay*:—

(*a*) It is deplorable, that although the Factories (First amendment) Act, 1948, came into force on 29th of January 1948, the rules for the governance of the Act are not yet published by the Government. The Management have taken great advantage of this weakness in interpreting the provisions of the Act in a way beneficial to them and with utter disregard for the motive for which the Legislative measure is enacted. It is therefore suggested that the Act must be enforced with a strict adherence to the spirit of Law, and the phylosophy of welfare contained therein. We therefore, suggest that the holidays with pay contemplated under the Act should be given with retrospective effect from 28th January 1947 and we crave the indulgence of the Management to publish their leave scheme confirming in consistence with the Provisions of Law and Social Justice. We reiterate that the holidays with pay so contemplated under the act should be given in addition to the existing privilege leave.

(*b*) The existing scales of Privilege Leave should be increased on the following scales, depending upon the services of the employees :—

Those who have put in service of—

1 to 5 years : 10 days per year.
5 to 10 years : 15 days per year.
10 and above : 30 days per year.

2. *Festivals Holidays.*—Must be increased from 10 to 15 days in a year with pay and dearness allowance.

3. *Casual Leave* (Ordinary Leave).—We regret to state, that the Management in pursuance of their own policy, are not granting the ordinary leave up to 10 per cent of the serving personnel in the Departments. We have noticed on many occasions that the several departments are not maintaining 10 per cent surplus personnel and load the work to provide for smooth working of their own leave scheme (ordinary leave). It is therefore, suggested that, to-start-with the strength of every department/group/section be fixed depending upon them 10 per cent surplus strength be shown with a view to cover the granting of ordinary leave with D. L. A. on an averare of 2½ days to 3 days in a month per

103 100

worker. The percentage of sick leave and accident leave granted in the Departments every now and then should not be included so as to make up this 10 per cent of ordinary eave.

4. *Sick Leave* :—

(*a*) It is noticed, that work people discharged on medical grounds are not reinstated, although they have been passed medically fit by equally, if not more, competent authority despite their good record of attendance and long service. Such an attitude on the part of the Management is detrimental to the welfare of the "Labour" at large. It is therefore suggested that all such cases rejected by the Management should be reinstated.

(*b*) Medical Certificates rendered by the work-people through the Registered Medical Practitioners and any other competent authority should be accepted and sick leave on half pay should be granted.

V. INDUSTRIAL WELFARE.

1. It is regretable that progressive employers like essrs. Binny & Co., have not provided dinning sheds for the ork people to take their meals during intervals.

2. The provisions of cycle sheds is anything but satisctory means to safeguard their cycles.

3. There is no shed or shelter for work-people to wait outde before they are actually passed into the Mill for Night hift.

4. Although the Factories (Second Amendment) Act 1948, came into effect from 29th January 1948 the Management have not yet provided an industrial canteen for the benefit of the work-people.

5. The old custom of supplying bread to the work-people should be revived forthwith, in addition to improving the quality of the present supply of coffee during Night Shift.

6. Treatment meted out to work-people and their families in the Mill Dispensary is not satisfactory and requires immediate attention.

7. Administering of sick leave in the Mill Dispensary is prejudicial to the welfare of workers.

8. Protective garments should be provided for workmen engaged as Fitters in all the departments and also for all the workers dealing with chemicals in Dye House.

9. The policy of the Management in dealing with discharges is highly indiscriminate aud regular procedure for the same should be adopted through a well-represented committee of representatives of the *Management* and "*Labour*".

10. Permanent reduction, as a punishment should not be allowed normally to be inflicted and cases already affected should be restored.

11. Discharges affected under 27 years rule were most harassing, when especially workers who are aged below 45 years are removed from service under 27 years rule, without providing alternative jobs for their nearest relatives or providing them with any pension etc., In very few cases pensions are said to have been granted at the sole discretion of the Management. But such cases should be decided on the merits of the individual cases and not on the individual fancies of the so called departmental officers who base their reports again on the verson of their subordinates.

12. The policy adopted by the Management in recruiting the workmen is not based on sound principles and suggest that the *Labour* be recruited through the Employment Exchange.

13. The policy of the Management in not recruiting the Women for suitable jobs is meaningless and requires to be reviewed with immediate effect.

14. For correct placement of the recruits the Management must provide training facilities and confirm the temporary workers as soon as they complete six months' service.

15. Incentives by way of promotions should be set up in all the departments/groups/sections and strictly adhere to in all the cases of promotions for higher paid jobs.

16. Certain percentage of vacancies should be filled on promotion from among the deserving personnel from rank and file when vacancies occur in supervisory jobs.

17. All existing Jobbers and Maistries should be given the same facilities accorded to those of the supervising staff.

18. A system of half-yearly confidential reports on work, character and ability of persons in line for promotions to supervising jobs should be maintained by the personnel Manager and such an important matter should be left at the discretion of the Officers who are transferred from place to place and from department to department every now and them.

19. In effect, we demand a perfect working of line and staff organisation in your Management as has been intended to be done by you.

20. Washing facilities should be provided for at least to the work people employed in Dye House, Boiler Section, Woollen Teasing, Woollen Milling and Mechanic Shop (include—oilers, fitters etc.)

21. Adequate Housing facilities for all workmen, failing which an allowance to counteract the exhorbitant house rent they pay, should be provided.

22. The exhorbitant rents now being charged for Binnypet houses should be reduced.

23. (*a*) We demand for an insight into the funds created by pooling of the forfeited wages till recently of all those workers who were marked left and who were not paid with their earned wages when they left.

(*b*) The total forfieted amount of bonus may also be given.

(*c*) The forfeited gratuity fund till recently of all those employees who have left the service due to various reasons before the maturity period may also be given.

(*d*) The forfeited Provident Fund till recently of all those employees who have left the services due to various reasons may be given.

(*e*) The Non-payment "War-Savings Gift" pending disposal till recently of those who have left the service may be given.

(*f*) The unclaimed funds under the above heads, however negligible but remaining unsettled may be given.

(*g*) The total amount of fines acrued till recently may also be given.

(*h*) The amount so accumulated since the discontinuing of the payment of Book-Bonus may also be given.

(*i*) The amount saved by discontinuing the practice of annual increment from the date of the introduction of the percentage system up to date be given.

(*j*) The amount saved from stopping the supply of bread may be given.

Note :—Such funds have to be appropriated for the social uplift of the work people and not for Building of Houses in Binnypet, which you are otherwise compelled to build with the Mysore Housing Act.

24. The Management have failed to publish the wage rates as contemplated under the Payment of Wages Act for information of all the workers.

25. The Management have never appreciated in offering change of occupation for such of the workers who were disabled during the course of their employment. Such cases should be reviewed.

26. The compensatory Holiday contemplated under Section 35 of the Mysore Factories Act, should be given as such and should not be mixed up with any other intervening holiday.

27. The Management must ensure that they will enter upon full and impartial enquiries against their superior employees in all cases where they have committed excesses over the workers.

28. All payments including earned wages and allowances should be made payable to all employees before expiry of the 10th of the following month under the provisions of the Payment of Wages Act, 1948. Suggest earned wages and D.A. be made payable on the same day to all the employees.

29. The policy of the Management in recruiting un-qualified Anglo-Indians to supervisory grades of clerical posts is ca using a great harshment and humiltation to serving personnel and therefore, we demand that the condition of the terms of employment be stipulated for future guidance.

30. Management must make early arrangement to settle down permanent Day Shift of Cotton Weaving Workers to alternative Day and Night Shifts with the permanent Night Shift workers.

31. Transport facilities should be provided for those employees who live for away from the Mills.

VI. SOCIAL WELFARE.

1. There is every indication that the Management are interested in sweated labour only. They do not show

any sign of interest whatever in social uplift of their own work-people and their families.

2. (*a*) There is no sustained plans for instructive films, education, technical training and school activities.

(*b*) The water supply and lighting arrangement in Binnypet are far too inadequate for the requirements of the work-people.

(*c*) There is no adequate Bath and washing fecilities provided at Binnypet.

(*d*) The abolition of the Primary School in Binnypet is suicidal for the interest of the children of the work-people.

(*e*) They have exhibited no keen interest in adult education, which is the pre-requisite for training the work-people.

(*f*) The attitude of the Management is deplorable when they did not declare a Holiday for Indian Independence Day and trying to create trouble on account of that Holiday.

VII. MISCELLANEOUS.

The Management do not appear to realise that the Labour an better be controlled through organisation and have always endered formidable obstacles to organise labour into one ssociation and to lead them through the ideals of the Associaion. In persuance of this the following matters require mmediate reddress :—

(1) They have not yet given any audience to the combined representatives of the Binny Mills Labour Association.

(2) On the other hand they are creating rival parties among workers, perhaps to weaken the Association but the results have as could be expected be extremely bad.

(3) They have refused to collect the Monthly Subscr tion of such of the workers who have express their concents to enrole themselves as Membe of the Association.

(4) They have refused to notify the workers with Noti and Information Bulletins, etc., sent by t Association.

(5) They have refused to give us the list of the B Wage Rates and Standing Orders.

(6) They have never entertained our constructive sugge tions for the wellbeing of the personnel employ and for smoothening of the employee/employe day-to-day Industrial relations.

Finally, we reiterate that if Industrial Relations betwe the employees and employer should be atleast further fou on high ideals the Management must change their attitu towards their Labour and their Association.

The fact that an application form has been supplied on whatever date will not be accepted as an excuse for the late submission of an application. Candidates who delay their requests for forms until a late date will do so at their own risk.

3. A candidate who desires to appear at the examination must submit his application on the prescribed form together, with all the necessary documents in accordance with the Instructions to candidates regarding the filling up and submission of applications so as to reach the Union Public Service Commission, Parliament House, Post Box No. 186, New Delhi, on or before the 6th May 1950. Applications from candidates residing abroad should reach the Commission not later than the 20th June 1950. No application received after the prescribed dates will be entertained.

NOTE.—Applicants for admission to the 9th Military Wing Course and the Air Force Academy Course whose results are not yet known are advised, if otherwise eligible, to submit their applications for appearing at this examination. If they are successful for the above course, their applications will be cancelled by the Commission.

4. Civilian candidates for admission to this examination must have been born (i) not earlier than 2nd January 1930 and not later than 1st January 1933 for the Army; (ii) not earlier than 2nd January 1930 and not later than 1st July 1933 for the Indian Air Force. Candidates possessing "A" flying license and born not earlier than 2nd January 1927 and not later than 1st July 1933 are also eligible to apply for the Indian Air Force.

5. Personnel serving in the Army who wish to compete for admission to the Military Wing must have been born not earlier than 2nd January 1927 and not later than 1st January 1933. The age limits can in no case be relaxed.

6. Candidates must pay the following fees:—

Rs. 37-8-0 (Rs. 9-6-0 in the case of candidates belonging to the Scheduled Castes or tribal and aboriginal communities) with the application.

NOTE 1.—Only a Treasury Receipt for Crossed Indian Postal Orders payable to the Secretary, Union Public Service Commission, for the amount will be accepted. The Commission cannot accept the fee in cash or by cheque.

NOTE 2.—No claim for a refund of this fee will ordinarily be entertained nor can it be held in reserve for any other examination or selection. A refund of Rs. 30 (Rs. 7-8-0 in case of candidates belonging to the Scheduled Castes or tribal and aboriginal communities) will however be made to candidates who are not admitted to the examination by the Commission. A refund of Rs. 30 (Rs. 7-8-0 in the case of candidates belonging to the Scheduled Caste or tribal and aboriginal communities) will also be made to those candidates who secure 35 per cent or more marks in the aggregate.

NOTE 3.—The Commission may at their discretion remit the prescribed fee where they are satisfied that the applicant is a *bonafide* displaced person and is not in a position to pay the fee.

7. Candidates accepted for admission to the examination will be informed of the date, time and place of the examination in due course.

LAW SECRETARIAT

Dated 25th April 1950.

No. L. S. 284—L.W. 29-50-8. In pursuance of sub-section (4) of section 12 of the Mysore Labour Act, (Act XIII of 1942 His Highness the Maharaja of Mysore is pleased to direct the publication of the accompanying report of the Chief Conciliator i Mysore, Bangalore, in respect of failure of Conciliation Proceedings in the dispute between the Government Electric Factory abour Association and the concerned Management in regard to a Notice of Change dated 8th February 1950 by the Labour ssociation putting forth certain demands.

By Order of His Highness the Maharaja of Mysore,
B. S. PUTTASWAMY,
Secretary to Government,
Law Department.

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Dated 17th April 1950.

No. C. C. 61—49-50.

To

The Secretary to the Government of Mysore,
Law Department, Bangalore.

ir,

The present dispute arose out of the Notice of Change dated 8th February 1950 given by the Government Electric Factory abour Association, Bangalore City, to the Management. The Notice of Change sets forth 11 demands and to all these emands, the Management sent a reply on 21st February 1950. The demands put forward and the remarks of the Manage- ent are given below:—

Demand of the Association	Reply given by the Management
1. *Annual Increments*:— (*a*) Usually given every year. (*b*) Increments to all the employees both monthly and aily-rated and which is long overdue should be granted nmediately. (*c*) Some of the employees who have not been granted ncrements for the last 2, 3 or more years should be specially onsidered and granted adequate relief.	1. (*a*), (*b*) and (*c*). The present financial position of the Factory does not permit the grant of increments. Individual cases of hardship, if any, will be examined on merit as and when they arise.
2. *Graded Wages and Salaries*:— The methods adopted hitherto in the granting of annual ncrements have not been based on any rational principles and ave given rise to discontentment. Therefore a system of raded wages and salaries to all the employees of the Factory n a proper classification of the Artizans and other staff, hould be introduced forthwith.	The present financial position of the Factory does not admit of any automatic increments as indicated.
3. *Shift Allowances*:— (*a*) Employees who are made to work at odd hours uring nights in shifts are subject to loss of health. As such, hey ought to be paid suitable shift allowances as in other ndustrial Concerns.	(*a*) As night shift is a normal feature of working in Industrial concerns, no special allowance can be given for night shift work.
(*b*) At present the shift workers are made to work continuously for eight hours without any respite or interval for unch, etc. This is contrary to the Factory Act. At least alf an hour should be given as interval and paid for as in ther Factories.	(*b*) Suitable arrangements for giving half an hour's interval in all shifts are being made.

Demand of the Association	Reply given by the Management
4. *First Aid Facilities, Ambulance and Hospital* :— (*a*) The Factory has a strength of about 1,200 employees. Of these, about 300 men reside all round the Factory. Workmen will be on duty during all the 24 hours in shifts. Accidents are liable to happen at any moment. The present Dispensary with an Ayurvedic Doctor has been often felt inadequate to meet the needs in this behalf. (*b*) Therefore, we request that a first grade Allopathic Hospital should be established forthwith, with three qualified compounders for the three shifts, and an Ambulance Van for carrying emergent and serious cases to Victoria Hospital.	This is being considered.
5. *Conveyance Facilities* :— (*a*) The Factory is situated more than 5 miles away from the residences of the employees and the employees are required to come to the Factory at odd hours in the night. Proper conveyance is not available and the employees are put to much inconvenience. (*b*) We, therefore, request that the Factory should immediately arrange to run necessary buses or provide with the facilities otherwise and so long as this facility is not provided, conveyance allowance to the employees should be granted.	The Bangalore Transport Co. has already been addressed in this behalf and the matter will be actively pursued. The Labour Association may furnish a list of employees who would undertake to pay the transport charges by deduction in wages, if so required by the Bangalore Transport Co. (*b*) The question of giving conveyance allowance to the employees does not admit of consideration as the grant of such allowance to the employees generally does not feature in Industrial concerns.
6. *Victory Bonus* :— (*a*) The employees of the Factory, having made material and substantial contribution to the successful prosecution of the Second Great War are entitled to Victory bonus granted by the Government to the employees of the Mysore Iron and Steel Works, Bhadravati. (*b*) Though this matter has been repeatedly represented, no action seems to have been taken. We therefore request that Victory Bonus should be granted immediately since the Factory had made substantial profits during these war years.	(*a*) *and* (*b*) :— The financial position of the Factory being not satisfactory, it does not admit of payment of any 'Victory Bonus'.
7. *Housing* :— (*a*) The employees are extremely hard hit for want of residential quarters as they are not able to rent out even small houses in the City with their meagre income. Life has thus become a burden rather than worth living. This fundamental necessity should be furnished immediately. The matter, though placed with the Chairman of the City Improvement Trust Board long back, has not come to any shape so far. (*b*) We request that immediate action should be taken to provide the employees with houses.	The Chairman, City Improvement Trust Board, who has been already addressed in the matter by the Director of Industries and Commerce will be urged for early relief being rendered. Every effort will be made to pursue the matter.
8. *Increased Dearness Allowance* :— Cost of living is steeply raising day by day. The static D. A. paid in proportion to the salary or wages does not meet the actual needs in this behalf. We therefore request that the present D.A. should be increased at least to the level obtaining in other concerns like Hindustan Aircraft and Binnys.	No exceptional treatment can be given to the employees of this Factory, as an uniform set of rules had been laid by Government which is applicable to all Government Industrial Concerns.
9. *The Unpaid Holidays* :— These unpaid holidays in a year as sanctioned by Government are advantegeous to only those who are on monthly salaries. The daily-rated employees are loosing their wages, for these ten days in the year, out of which one day has been declared as paid holiday (Ayudhapuja Day). It is very essential to treat all the employees equally. We therefore request that all the ten holidays should be declared as paid holidays for all the employees including the daily-rated.	This is being favourably considered.
10. *Casual, Privilege and Furlough Leaves* :— (*a*) The daily-rated workers, though as important a factor as other in the order of things in a concern, they are always distinguished for discreminatory treatment in the matter of leave facilities, while the monthly-rated employees enjoy better treatment in this behalf. Thus furlough leave is denied to them though they are the mainstay for the prosperity of the concern. Again they are given only half the P. L. that is allowable to monthly-rated employees and no casual leave is allowable to a daily-rated emplyoee. (*b*) This state of invidious treatment requires to be levelled up in the interests of all concerned. (*c*) We therefore request that the daily-rated employees also should be entitled to all the leave facilities as allowed to others.	Leave privileges are governed by the Works Services Rules which are common to all Government-owned industrial concerns and there is no case for any special treatment to the employees of the Government Electric Factory in this behalf.
11. *Bonus for* 1948-49 :— Every year bonus is granted to the employees and the same for 1948-49 is due to them. Hence we request that the bonus be immediately granted to the employees in order to serve as an additional intensive to them.	As the Factory has incurred a heavy loss during 1948-49 the grant of bonus for 1948-49 does not admit of favourable consideration.

The Assistant Commissioner of Labour, Bangalore Division, held negotiations with the parties on 6th March 1950 but he was unable to bring about a settlement on any of the points in dispute. Finally, the dispute came up before me for conciliation on 13th April 1950. Sri E. Isaac, General Manager, assisted by the Financial Adviser and the Accountant of the Factory represented the Management, while all the Office bearers including the President Sri N. Madhava Rao appeared on behalf of the Association.

The Government Electric Factory belongs to and is managed by Government. The attitude of the management in regard to the several demands of the Association was explained by Sri E. Isaac. The Government have invested Rs. 88 lakhs on the concern but they are getting no return since the last ten years. The demands involve a recurring additional expenditure of the order of Rs. 2 lakhs per annum. Government have waived the recovery of interest on the capital invested from the year 1946-47, nevertheless, the working of the concern for the year ending the 30th June 1949 has shown a net loss of Rs. 51,400. The grant of one month's bonus to the employees for 1948-49 costs Rs. 40,000 and will go to swell the book loss. In 1947-48, the Factory made a small profit of Rs. 18,500 but this profit was converted into a loss by the payment of the usual bonus to the employees. Owing to the purchase of machinery in recent years in connection with post-war developments, the value of the machinery on the books of the Factory has increased from Rs. 12 lakhs to Rs. 18 lakhs, and the provision for depreciation at the prescribed rates absorbs a large portion of the profits. Some expansion schemes are on the anvil, and a few years are needed for the factory to come into full production. In the meanwhile, the manufactured articles have accumulated to the value of Rs. 8 lakhs of which 4 lakhs represent stock for which there is no demand. For the time being, the factory is suffering from excessive labour. The total number on the roll at the end of February 1950 was 1157. Eight hundred and seventy people are employed in the production departments of whom 550 are working against work orders and the balance of 320 are employed on routine jobs against 186 actually required. In the other departments too, the number working is atleast double of what is really required. If the Association agrees to the retrenchment of the surplus staff, appreciable savings can be effected which may be used for meeting some of the demands of the Association. As things stand, there is no possibility of accommodating labour.

The association is not prepared to consider any proposal for reducing the present strength in the number of persons employed in the Factory. In its opinion the resources and potentialities of the Factory are such that it can profitably employ at once atleast double the existing number. There is a lot of delay and redtape in sanctioning the proposals of the General Manager for expanding the activities of the concern. The Association expected that things would improve when the Board of Management was set up at its instance. But the results are highly disappointing. From the time it started the factory has made a net profit of over Rs. 4 lakhs and the Association cannot accept the contention of the Management that this amount is not available for ameliorating the conditions of labour on the plea that the profits made each year were adjusted to Government account. The Factory is one of the best equipped in India. It has a very efficient labour force which if given sufficient opportunity is capable of showing what it can do to make the factory prosperous by earning increasing profits every year.

On the individual demands, the President of the Association give me a written memorandum furnishing the views of the Association in regard to the contentions put forward by the Management. He was very anxious that the substance of this Memorandum should be incorporated in this report. But as the document is bulky, I have appended a copy of it as an annexure to this report.

Conciliations having failed, I make this report under Section 12 (4) of the Mysore Labour Act.

Yours faithfully,
K. SUBBA RAO,
Chief Conciliator.

SCHEDULE.

GOVERNMENT ELECTRIC FACTORY LABOUR ASSOCIATION, BANGALORE CITY.

Memorandum of replies given by the Government Electric Factory Labour Association, on the several Demands in its Notice of Change dated 8th February 1950, during the Conciliation Proceedings before the Chief Conciliator on 13th April 1950.

1. *Annual Increments.*—The financial position of the factory is not the criterion for denying annual increments to the employees. The industry carried on in this factory is of a highly technical character which is capable of earning huge profits; provided a proper organisation is set up. The employees are in no way responsible for the financial losses of the factory. They carry out honestly whatever the management asks them to do.

Further, with modern machinery, skilled workmen and the Government itself at its back for the financial resources as well as the huge ever expanding Electrical Department as its foremost and main customer, we are surprised and confounded to hear that the factory is incurring losses. The Association therefore urges that this demand should be conceded immediately.

2. *Graded Wages and Salaries.*—The question of introducing a schedule of wages with graded salaries of pay is in force in almost all industrial concerns. This being a Government concern, there is more reason that such a schedule should be introduced forthwith, based on the wages obtaining to similar classes of work in such as Hindustan Aircrafts, Indian Telephone Industries Ltd., In fact it is our opinion that the non-existence of such a schedule has created a lot of confusion, and effected efficiency resulting in loss. The introduction of such a schedule will fix men in proper places according to their capacities for work, help recruitment and maintains contentment amongst employees.

The Management will also be saved a good deal of head ache in tackling the problem of increments every year if graded scales are introduced. The Association therefore urges this demand both in the interest of the Labour and Management and we wish to state in this connection that there has been a sad lapse on the part of the Management, in this behalf.

3. *Shift Allowance.*—(A) The percentage of employees against the total number who are working in shifts is nearly 25 per cent. In all industrial concerns shift allowance and night lunch and coffee or tea are provided. We do not agree with the Management that night shift in this factory is a normal feature and that no special allowance can be given for such work. As the shift workers have to attend and leave the factory at odd hours and have to work during night times, are subject to loss of health and as such they should be paid suitable allowances, *i.e.*, 10 per cent for the night shift and 5 per cent for the evening shift, as is being given in Hindusthan Aircrafts Ltd.

(B) Shift interval of half an hour should invariably be given under the provisions of the Factories Act. The Management on being pointed out this lapse in breach of act, have however agreed to conform with the rules, but they have not acted up to their promise so far. We wish to reiterate in this connection that this being a Government factory it is a pity that the legislative enactments in force are not followed, and as such half an hour's interval to the shift workers should be given immediately, and included in 8 hours shift work.

4. *First Aid facilities, Ambulance and Hospital.*—In this concern which is owned by Government employing about 1,300 people who work on machinery driven by electricity, etc., accidents apart from other ailments, are of common occurrence. Without disrespect to the science of Ayurveda which is in a languishing condition the maintenance of an allopathic full-fledged hospital working in all the three shifts for this factory, which is far away from the City area, is of paramount importance and necessity. The necessity for the maintenance of an ambulance is no less important as patients should be immediately conveyed to Victoria Hospital, etc., in case of accidents which may occur during the 24 hours the factory works.

The Management however have promised consideration of this demand. We request the Management to provide these facilities immediately.

5. *Conveyance Facilities.*—The reply of the Management that the conveyance facilities would be afforded through th B.T.C. is not a workable solution. The Management since sent a copy of the letter received from the said Company that th Bus route from City Market to Factory tried, as an experimental measure for a few months, with a limited number of buse was a non-payable one, with the result that the running of service had to be stopped. That they have no objection to run th service or increase the number of trips provided 35 passes at the rate of Rs. 9-12-0 Up and Down are purchased. Withou any body's comment, it can be seen that the above proposal as against the demand put-forth by this Association is unworkabl We wish, however, to state in this connection as follows:—

(*a*) That the route from the City Market to this Factory covers the requirements of a very small percentage of ou employees.

(*b*) That our employees numbering 1,300 are residing in all parts of the City and Civil Area, unless a number of trip are run both in mornings and in the evenings from all parts of the above areas, the purpose will not be served. Further th rate quoted compares unfavourably with those of Radio Electricals and Hindusthan Aircrafts Ltd., etc.

(*c*) The proposal of the Management to avail the services of the B.T.C. in this behalf does not cater to the requirement of shift workers.

We therefore urge the Management to maintain conveyance of their own as has been done in many sister concerns o even recent origin such as Radio Electricals and Hindusthan Air Crafts and Telephone Industries, etc., to obviate the difficulties of the employees of this Factory. We point out in this connection as against financial losses to the Factory.

(1) The Factory will collect conveyance charges from the employees.

(2) That they can save nearly about Rs. 3,000 per month by conveying large quantities of store articles from Railwa Station and Bazaar which is now being entrusted to a contractor.

This will also enable the employees to come to the Factory afresh for the day and start work in the Factory with vigour thereby contributing to the greater production and efficiency as against the present position in which many of the employees come to the Factory quite exhausted by walking long distances.

In the light of the abovementioned we urge for this to be immediately conceded. The Management should kindly arrange for purchase of necessary vehicles immediately and provide the prayed for conveyance facilities at once.

6. *Victory Bonus.*—The payment of Victory bonus is being urged to the Management ever since the war was won by the Allies. This payment was sponsored by the Government of India at the instance of the British Government. Many factories have paid this Victory Bonus. This being a Government concern which has earned large profits during the war period as also during the year victory was won should not deny this demand on the ground that the present financial position of the Factory is not satisfactory. We wish to emphasise that the employees have worked very hard and contributed to the winning of the war. Hence, irrespective of the subsequent financial condition of the Factory, this bonus should be given. The contention of the Management is not reasonable.

7. *Housing facilities.*—(*a*) We have been endorsed with copies of correspondence of the City Improvement Trust Board, Bangalore, who have stated that the matter has been referred to Government, and so soon the orders of the Government are received necessary layout will be made near the Factory, etc. We urge the Management to take the initiative to acquire the necessary lands and provide housing facilities immediately. Till the houses are provided for, house rent allowance should be granted immediately, as this question is pending since three years and the workers are hard hit for want of living space.

Further, providing of houses would solve the question of conveyance facilities to a considerable extent and as such this matter should be taken up immediately and the employees provided with houses.

8. *Increased Dearness Allowance.*—The rate of Dearness Allowance that the employees of Mysore Government Industrial concerns are getting, compares very unfavourable with the rates which even private Industrial concerns are paying. Further the rate of Dearness Allowance obtaining to the employees of Government of India is also appreciably high. In view of the steeply rising cost of living we urge the Management of this Factory should take up the initiative with the Government of Mysore and get the Scales of Dearness Allowance revised immediately to conform to the scales obtaining in certain sister concerns such as Binny Mills, Mysore and Minerva Mills and Hindusthan Aircrafts and Telephone Industries, etc., and secure the above enhanced benefit to the employees of this Factory at a very early date.

9. *Ten unpaid holidays.*—The Management have stated that the question of converting the Ten Unpaid Holidays every year into paid holidays, will be considered favourably. We urge that this is an ordinary amenity which should have been conceded long back in view of the fact that the monthly rated employees are already enjoying these benefits.

10. *Casual, Privilege and Furlough Leave.*—The reply of the Management that leave rules are governed by the work service rules applicable to all Industrial concerns owned by the Government is not a proper reply in view of the facilities afforded to the monthly-rated employees. We urge that the same benefit should be extended to others also to maintain *impartial treatment and encouragement for efficient work.* We urge that the Management of this Factory should take the initiative in recommending to the Government to revise the Work Service Rules so as to extend the benefits to all the employees irrespective of whether they are monthly-rated or daily-rated. To avoid the above inequalities all the employees who have put in a service of six months and above may be brought under the cadre of monthly-rated employees as is the case in Hindusthan Aircrafts.

11. *Bonus for the year* 1948-49.—The reply of the Management that the Bonus for the year 1948-49, does not admit of favourable consideration, is not justified. The employees have done their share of work in accordance with the direction of the Management. The reasons for losses (as personally explained) which the concern has sustained during the year are beyond the scope and control of the employees. The bonus is paid as an incentive to the employees to put in greater efficient work. The Bonus is not paid on present ground of loss, the scope for earning future profits to cover previous losses will be denied to the Factory as the spirits of the employees would be chilled. We therefore urge that this demand be conceded immediately and the Bonus paid at a very early date.

K. SUBBA RAO,
Chief Conciliator.

Sir,

Subject.— C.C. No. 50—49-50.

The Champion Reef Mines Labour Association gave a Notice of Change on 22nd December 1949. The statement appended to the notice reads as under.—

> "The Superintendent, Champion Reef Mines, letter No. 738, intimating the dismissal of 21 employees of underground under the Management's Standing Order K. 21 (c), in contravention to this Association's letter No. E. 91, dated 22nd November 1949, (copy attached) informing him that in the event of the employees resume their respective duties in response to the Management's notice dated 21st November 1949, many innocent labourers would be involved for dismissal and therefore requested the Superintendent to delete paragraph 4 of the notice and to defer taking disciplinary actions against any labourer; and having been responded by the said Superintendent in his letter No. 738, dated 23rd November 1949 (copy attached), the Associatio persuaded the employees to resume their worl But out of 1200 to 1300 men participating in Sitting Strike in underground on 5th and 10t November 1949, only 21 were selected fc dismissal".

The Assistant Commissioner of Labour, Oorgaum, reported that no agreement was possible with regard to the subject matter of the notice and accordingly the dispute was referred to me by the Labour Commissioner for initiating conciliation proceedings under Section 10 (3) of the Labour Act.

The conciliation proceedings were held to-day in the Guest Iouse at Oorgaum. Mr. Peter Best, the Superintendent of e Mines, represented the Management while the President nd the Secretary appeared on behalf of the Association.

On the 5th November 1949 there was a stay-in-strike on e part of the underground workers which lasted till midght. A second strike of the same character was staged gain on the 10th of that month and continued till 11 A.M. n the following day. Both the strikes were declared illegal. his was followed by the closure of the mine till 23rd. The Ianagement considered the situation arising out of these ncidents as of so grave a character that the Government ssued a Notification declaring a state of emergency under Section 42 of the Labour Act.

On the 21st November the Management put up a notice tating that the work in the mine would be resumed from 3rd and invited the workers on strike to report themselves or duty that day. At the same time they reserved to themelves the right of taking such action as they deemed fit gainst the participators in the two strikes. The Association wrote to the Management not to take any disciplinary ction against any one in the interests of harmony. But the uperintendent took action on the 23rd against 21 of the trikers under Standing Order 21 (c) and directed their ischarge from service with 10 days' wages in lieu of notice. t was this action which led to the notice of change in uestion.

In the view of the Management the strikes were of a most erious character. They really amounted to a sort of mutiny n the part of the workers, and the Management temporarily ost control over the mine. Lakhs of rupees worth of machiery were underground at the mercy of the strikers. If fire ad broken out by accident or otherwise there would have een a disaster. The men who had gone underground held he foreman and other supervisory staff as prisoners and the ages could not be operated except to the extent permitted y them. The right of the Managemnnt to discharge any mployee whom they did not want to retain in service was lly recognised under Standing Order 21 (c) and could not be uestioned.

The Association gave its version of the story. It had emanded that a bonus equal to six months' wages be given or the years 1948 and 1949. But the Management ignored his demand. The Chief Minister and the Labour Minister ho professed a lot of sympathy for the workers and romised to get the demand conceded went on procrastinatg and ultimately did nothing. The workers began to lose ith even in the office-bearers of the Association. As faithful ollowers of Mahatma Gandhi the only course open to them as to embark on a peaceful Sathyagraha. This was what ey did. On the 5th and 10th November they offered athyagraha underground in a most peaceful manner and ere was no violence whatever. The Management could go nderground if they wished and satisfy themselves that the eople did not intend any mischief to the mine or its property. was untrue that any supervisory staff were held prisoner. Any one was at liberty to come out of the Mines if he so desired. The real truth was that the foremen themselves were in active sympathy with the strikers and did not want to desert them. It was not true that some of them were forcibly detained and had to evade the vigilence of the strikers and escape to the surface by devious underground routes. When thousands had taken part in this peaceful demonstration it was not open to the Management to victimise a few workers. The persons selected for discharge must be deemed to be innocent in the absence of a definite finding that they had acted illegally or in a violent manner. There was no kind of enquiry in this case and the Association could not accept the contention of the Management that they had full liberty of action to discharge some of the workers at their sweet will and pleasure. The Standing Order No. 21 (c) was repugnant to the spirit and provisions of the Mysore Labour Act. In the circumstances, the Association insisted that the men discharged should be reinstated with full compensation.

I found it impossible to discover a via-media acceptance to both the parties. The result was a failure of the conciliation proceedings which I report under Section 12 (4) of the Act.

Yours faithfully,

1222 K. SUBBA RAO, *Chief Conciliator.*

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE BANGALORE.

Camp Oorgaum, dated 5th May 1950.

To

The Secretary to the Government of Mysore,
Law Department,
Bangalore.

Sir,

Subject.—Labour Conciliation Cases Nos. C. C. 2, 13, 14 and 22 of 1949-50.

Nos. C.C. 2, 13, 14 & 22—49. The dispute in the abov cases is between the Kolar Brick Making Labour Association and the Management and arose out of the following Notice of Change given by the former to the Superintendent of the Company.

(1) *Notice of Change dated 21st June* 1949—

Narayanan, T. No. 132 and Rahim Khan, T. No. 131 and Krishnasingh, T. No. 292 were employed by Kolar Brick Making Company as Watchmen for a very long time. Suddenly they are put to work to prepare red clay without their consent. This is an illegal change, and the Association can take action in a Court of Law, according to the provisions of Labour Act. Before doing so the Association through this Notice of Change desires to bring out an amicable settlement.

The Management is requested to put these men back to their watchmen jobs.

(2) *Notice of Change dated 21st June* 1949—

Sri Rajee, T. No. 25 was dismissed by you cooking up charges against him. All the charges you brought against him are false and hence your dismissal is wrongful.

The Association through this notice of change seeks his reinstatement paying him full wages for the period in which he was forced to be without work.

(3) *Notice of Change dated* 23rd *July* 1949—

Sri Maridoss, T. No. 183 was forced to resign his job by you against his will.

This Notice of Change is to have him reinstated in his former job.

(4) *Notice of Change dated 23rd August* 1949—

(i) As Kolar Brick Making Company Ltd has made huge profits in the year 1948, the Labour Association through this notice of change requests the Management to pay every worker in the Factory six months' earnings as Profit Bonus.

(ii) For the amicable settlement of labour disputes in various departments it is in vogue in all factories under civilized management to appoint works committees. Through this notice of change this Association requests the Management to establish works committees in various departments of the factory, consisting of equal number of representatives of Management and workers.

The Assistant Commissioner of Labour, Kolar Division, who intervened in the dispute was unable to bring about a settlement except in regard to Narayanan, T. No. 132 and Krishnasingh, T. No. 292 referred to in the first notice of change. The Commissioner of Labour in Mysore, thereupon, referred the cases to me for holding conciliation proceedings under Section 10 (3) of the Mysore Labour Act.

Conciliation proceedings were held to-day in the Guest House at Oorgaum. Mr. J. I. T. Dickson, the Superintendent of the company appeared for the Management while the Association was represented by all the office bearers.

The first dispute relates to watchman Rahim Khan, T. No. 131. According to the Management he absented himself continuously without permission for ten days from 26th

)ctober 1949 to 5th November 1949 and was struck off the ?olls under standing order 18 (f). The story told by the ssociation is that this man went to his village near Malur n a holiday and there suddenly took ill. He sent word with is brother to the Management that he was ill and after his ecovery at the end of 12 days he reported himself for duty nd produced a Medical Certificate. The Management howver declined to take him back on the ground that he had lready been struck off the Rolls. The production of the ertificate is not capable of verification. Mr. J. I. T. Dickson ays that prior to this this man had been found to be negligent n his duties on three occasions and caught sleeping on two ccasions, and that warnings on those occasions had no ffect on him whatever. In the circumstances he was not repared to take him back as a watchman but he was willing o re-employ him in some job as soon as there was a vacancy. he Association says that the alleged warnings are not on ecord and that the offer now made by the Superintendent vas unacceptable to it.

It is convenient to deal with notices (2) and (3) together ccording to the Association, Maridoss, T. No. 188, was mploved as Sawyer when the company installed the Circular aw Mill. Rajee, T. No. 25, on recruitment, was posted to he Mill as Assistant Sawyer to assist Maridoss. Things were oing on satisfactorily till the management appointed hinnakannu, a watchman, known to be a notorious drunkard, s the second assistant to Maridoss. Some time later, on ome pretext or other, Chinnakannu was made to supersede. laridoss and the latter asked to work under him. Simultaneously, Rajee was transferred from the Saw Mill to work n the Red Clay Section. Being a literate man with previous nilitary service, Rajee showed resentment when called upon o do such a degrading work as preparing clay. This provided n excuse for the management to dismiss him. On the ollowing day, Maridoss was forced to resign, and the letter of is resignation was written by a clerk in the presence of the Manager who compelled Maridoss to sign it. The management, on the other hand, give altogether a different version of he story. Rajee was taken as General Purpose Labour, on he recommendation of the Foreman. But he repeatedly isobeyed the orders of the Manager and refused to do the work allotted to him. His persistent refusal was the subject natter of an enquiry by the Superintendent before whom also ie declined to work as general purposes labour. Thereupon he Superintendent offered him 13 days' wages in lieu of notice and discharged him. As regards Maridoss he had been leclared medically unfit to work in the Mines and subsequently posted to the Circular Saw Section. Rajee was is assistant for some time. The work here became so bad hat the management were forced to put Chinnakannu in harge of the operations. For some time, Maridoss worked as Chinnakannu's assistant, but there was continuous friction. On the day following the discharge of Rajee, Maridoss of his wn accord, volunteered to resign, and was discharged. The eason he has given in his letter of resignation is that he ound the work in the Saw Section too taxing. The management, however, are prepared to take him back and give him ome suitable job as soon as a vacancy occurs.

Summing up, the position is that the management are willing to take back Rahim Khan and Maridoss, and give hem suitable jobs as soon as vacancies occur. But the Association is not satisfied with such vague promises. Besides it wants that Rajee also should be re-employed. On his point the management was not prepared to yield.

Coming to the fourth notice of change the second demand elating to the setting up of Works Committees was withdrawn by the Association. The first demand relates to grant of a bonus equal to six months' wages for the year 1948. The case for the Association is that the audited Balance Sheet of the company shows that the net profit earned during that year was about Rs. 40,000 out of which Rs. 31,000 was distributed as dividends to shareholders. This works out at 35 per cent of paid up capital against 25 per cent in the previous year. The company has earned huge profits and given high dividends. It ought not to grudge to give a fair share of the profits in the shape of bonus. The management, however, point out that the production in the factory has progressively gone down while the costs have considerably risen. The per capita production has fallen from 1800 bricks to 1,100 bricks in the last two years. The profit during 1949 is not expected to be more than one-half of what it was in the previous year. The company has a heavy capital programme. Unless improved methods are introduced it is certain that the company will cease to make any profit. As it is, the manufacturing costs are so high that the company is fast losing its old customers. As against Rs. 31,000 paid to shareholders, more than Rs. 19,000 was incurred in providing amenities to labour such as a Canteen, half pay and dearness allowance for the period of play off, shower bath, sanitary latrine. etc. The reply of the Association is that this wa not a thing to boast about, as, such amenities are provided i all modern factories. It considers the offer of half month wages as bonus as utterly inadequate.

Finally, I found that it was not possible to effect compromise between the parties on the points in disput The result was failure in all the four cases which I repo under Section 12(4) of the Act.

Yours faithfully.

Chief Conciliator.

CAMP OORGAUM.

Nos. C. C. 38—48 and 57—49.

To

The Secretary to the Government of Mysore,
Law Department,
Bangalore.

Sir,

Subject :—*C. C. Nos.* 38—48-49 *and* 57—49-50.

The above disputes arose out of two notices of change give by the Oorgaum Mine Labour Association to the Managemen The first notice dated 16th May 1949 relates to the dismiss of the under-mentioned workers as a result of a general strik which continued for two months in February and Marc 1949 :—

(1) C. Pancreas, T. No. 4006, Assistant Foreman
(2) Chandran T. No. 1476, Timber Maistry
(3) Chellamuthu, T. No. 836, Fire Petrol Maistry
(4) Chinnappan, T. No. 806, Timber Maistry
(5) Abdul Khudus, T. No. 48—1, Tramming Maistry
(6) Thangaraj, T. No. 83—21, Timber Maistry
(7) Govindaswamy, T. No. 1055, Timber Maistry
(8) Gopal, T. No. 2599—31, Timber Maistry
(9) Khandan, T. No. 581, Tramming Maistry
(10) C. Francis, Printing Press,
(11) Ponnuswamy, T. No. 168—1, Machine Cooly

The second notice of change, dated 21st December 194 relates to the dismissal of V. Kuppuswamy, Hammer-ma T. No. 234, Blacksmiths Shop.

Efforts of the Assistant Commissioner of Labour, Kol Division, to bring about a settlement having failed, the dispute were referred to me by the Commissioner of Labour f initiating conciliation proceedings under Section 10 (3) of th Mysore Labour Act.

Conciliation proceedings were held to-day in the Gue House, Oorgaum, when Mr. Peter Best, Superintendent of th Mines, represented the Management while the Associatio was represented by its President and Assistant Secretary.

First notice of change.

Neither the Management nor the Association is in a positio to say who Ponnuswamy No. (11) is. He has not bee identified and the Association is not pressing his cas C. Francis, No. (10) is an employee in the Oorgaum Press i which there was no strike. Francis was the one man wh took part in the general strike and stayed away till the gener strike ended. He was dealt with under Standing Order No. 22 (k) and his services terminated in the usual course. The representatives of the Association say that he was living in the mining area and was unable to escape the vigilance of the strikers. He had been warned by the President that if he attempted to attend the Press he was likely to be assaulted. In the circumstances it was not possible for him to attend the Press while the general strike was in progress. Mr. Peter Best, however, says that this is merely an afterthought. There was definite evidence that this man had taken part in the strike and that there were other people employed in the Press who lived like him amidst strikers but nevertheless managed to attend the Press.

As regards the remaining persons the Association contends that only these people out of many thousand strikers had been dismissed simply because they happened to be the most active workers of the Association. On examination, however, it is found that out of a total of 30 persons who are members of the Executive Committee only 5 people have been dismissed. Mr. Peter Best states that there was definite proof that these people were the prime instigators of the strike. He cannot for a moment entertain the idea of reinstating them.

Second notice of change.

According to the Management, Hammer-man, Kuppuswamy was caught red-handed with a piece of stolen rail and was dismissed as a result of enquiry, under Standing Order 22 (d). This man and one other were found by a Punjabi watchman cutting a piece of steel rail near the dump. At the approach of the watchman the other man ran away while Kuppuswamy was caught. A large number of people collected and there was confusion. The watchman let Kuppuswamy go and reported the matter to the Foreman, Lakshamaiah. Next morning there was an identification parade. Kuppuswamy attempted to avoid it but was later on discovered in some other place where he ought not to have been and identified by the watchman. An enquiry followed resulting in his dismissal on the 8th December 1949. The Association points out that this man has a clean record, and that the proof of theft against him is not quite convincing. Mr. Peter Best, however, says that the Management has no reason to distrust the evidence of the watchman whom they have always found to be reliable. In the circumstances the company is not prepared to re-employ Kuppuswamy on the Mines. Thus the attempt at conciliation in both the cases failed and I report the failure under Section 12 (4) of the Act.

Yours faithfully,

K. SUBBA RAO,
Chief Conciliator.

Subject:—C. C. Nos. 10 and 41—1948-49.

Sir,

Between 12th October 1948 and 14th July 1949 the Nandydrug Mines Labour Association gave several notices of change to the Management. At the conciliation proceedings held to-day in the Guest House, Oorgaum, it was stated by Sri Sabapathy, the President of the Association that most of the disputes covered by the notices issued on 20th April 1949, 28th April 1949, 16th May 1949, 14th June 1949, 12th July 1949 and 14th July 1949 had been settled one way or the other. The remaining disputes relate to the notices of change given on 12th October 1948 and 27th May 1949 respectively. Of these, the first notice of change contains the following two demands:—

(1) Murugasee, 9269, is employed as Out-door Fitter Mestry. But inspite of repeated requests he is neither designated nor paid as Out-door Fitter Mestry. The Association through this notice seeks to get him designated as Out-door Fitter Mestry and paid according to that rank.

(2) John, 9283, Annamalai, 9299, are working as Carpenters but are not paid as such. This notice is to get them designated as Carpenters and paid as such."

The case of Murugasee is clearly explained in the letter of the Superintendent to the President of the Association written on 28th September 1948. According to this letter Muragasee is graded Fitter First Grade in range Rs. 1–9–0 to Rs. 2–5–0. Strictly speaking, he should have been classified as M.6 Head Mestry Pipe Fitting Service in grade Rs. 1–6–0 to Rs. 1–14–0. As Murugasee is already getting Rs. 1–14–0, the Management consider that he would be hard hit if he were re-classified as Head Mestry Pipe Fitting Section on Rs. 1-6-0 to Rs. 1–14–0. If, however, the Association attaches more importance to designation than to wages the Management can have no objection to change his designation and give him the wages attached thereto.

Sri Sabapathy's argument is that this man, in addition to his being a Pipe Fitter, has also under him 3 or 4 people whose work he supervises. He therefore suggests that he be given some sort of an allowance if the Management are unwilling to give him the status and scale of wages of an Outdoor Fitter Mestry. Mr. W. T. Hocking, the Superintendent pointed out that an outdoor fitter mestry was one wh was capable of handling machinery, while Murugasee knev nothing about machinery and had never handled them in hi life. It would therefore be unjust to that class of workmen i Murugasee were graded up to their level. Besides there we a large number of Pipe Fitter Mestries working undergrou who would claim the same treatment as was claimed fo Murugasee. In the circumstances the Management were no in favour of conceding this demand. Sri Sabapathy fel unconvinced with the argument advanced by Mr. Hockin and would not withdraw the demand.

As regards John and Annamalai the case of the Associatio is that they are really doing the work of carpenters thoug they are treated as helpers to carpenters for purposes of wa payment. Both these are experienced men who can indepen dently work as carpenters, Mr. Hocking points out th these two men have never been entrusted with independe carpentry work and that they are even now working assistants to carpenters. If vacancies arise and if these me are found fit the Management would be glad to absorb then But, till then, there is no justification to treat them carpenters and give them higher wages. Sri Sabapathy wa not satisfied with this vague assurance and would not withdraw the demand.

The second notice of change dated 27th May 1949 contai four demands. Of these the first three have been eith settled or withdrawn. That which remains reads follows:—

> "It has been the custom for the scavengers to recei from their employers double wages for their wo during any strike period. The employees of th mine have been on strike from 1st February 194 to 31st March 1949. The employer-compan breaking the custom paid only normal wages t the scavengers for the strike period. Th Association through this notice of change, reques the Management to pay the scavengers the usu extra wages for the strike period."

The background for this dispute is somewhat like this. the year 1945 there was a strike on the Mine which w declared illegal by the Registrar. The scavengers also h struck work on that occasion. But on the intervention of t Deputy Commissioner they resumed work on the Manag ment's agreeing to pay them double the usual wages. In t following year too there was a strike which was howev declared to be legal. On this occasion also the scavenge were persuaded to carry on their duties and got double wag for the strike period.

The case for the Association is based on the two preceden referred to above. It feels that as the scavengers perform an essential service in a period of great anxiety to t management it is but right that their services should recei appropriate recognition especially in view of the fact that previous occasions they were given double the wages. M Hocking however is not willing to show them any spec concession. He points out that like these scavengers, th were a number of men who worked underground during t strike period and got only the normal wages. It would invidious to favour the scavengers and not extend the sa concession to the underground workers also. Besides, a decision in favour of the scavengers belonging to this mi would have repercussions on the other mines as well. T latter had not given double wages to their scavengers duri the strike period. For these reasons he was unwilling concede this demand. Several alternative proposals recognising their services were considered but had to be gi up as it was found impossible to evolve a formula which wo limit the claim to this mine only. Sri Sabapathy was not p pared to withdraw the demand. In the result, the concilat proceedings in both the cases ended in failure and this rep is accordingly made under section 12(4) of the Act.

Yours faithfully,

K. SUBBA RAO,
Chief Conciliator

OFFICE OF THE CHIEF CONCILIATOR IN MYSORE, BANGALORE.

Camp Oorgaum No. C. C. 30—48-49, dated 6th May 1950.

To

The Secretary to the Government of Mysore,
Law Department, Bangalore.

Sir,

There are four disputes between the Mysore Mine Labour Association and the Management arising out of four notices of change given by the Association in which I held conciliation proceedings to-day in the Guest House at Oorgaum. The Association was represented by its office bearers while Mr. J. I. T. Dickson, the Superintendent of the Mine appeared on behalf of the Management.

The first notice of change dated 9th September 1949, reads as follows:—

> "Sri Kunji Nair, T. No. 6770, Perumal, T. No. 681, Daniel, T. No. 108 and Perumal, T. No. 1564 were employees of the Mysore Gold Mining Company, Ltd., Gold smuggling cases have been foisted on them and they were prosecuted before the local I Class Magistrate who acquitted them. Inspite of repeated requests they have not been reinstated. The Mysore Mines Labour Association through this notice of change seeks the re-employment of these persons compensating their loss of wages for the period during which they were forced to be out of employment."

Two cases of illegal attempts to extract gold from gold bearing quartz were detected underground and the above people were prosecuted under Sections 6 and 13 of the Mysore Mine Act before the Special First Class Magistrate, Kolar Gold Fields, in C. C. Nos. 586 and 1309 of 1948-49. After the prosecution evidence was recorded Kunji Nair was discharged on the ground that no *prima-facie* case had been made out against him. The other three people were given the benefit of doubt and acquitted. The Management however, dealt with them departmentally and dismissed them under standing order No. 22 (d).

In the proceedings before me the Association argued that as these persons had been held to be not guilty by a competent tribunal it was not open to the Management to invoke the aid of a standing order and terminate their services. The reply of the Superintendent was that this argument was not acceptable to the Management as even the arbitration tribunal which gave its award in 1945 had recognised that the acquittal in a Criminal Court was no bar to the Management taking disciplinary action under standing orders. At its suggestion standing order 22 (d) as it then stood was amended as follows:—

> "Theft or abetment of theft, fraud, or dishonesty in connection with Company's business or property".

The Superintendent states that after these people were discharged or acquitted by the Court he carefully perused the judgement and took every circumstance into consideration before he decided to act under the above standing order. The second case was disposed of nearly eight months after the occurrence. It was therefore not surprising that the Magistrate found discrepancies in the prosecution evidence. Kunji Nair was perhaps prosecuted under a wrong section. Strictly speaking, he could not be charged with being found with unlawful possession of gold. This case against him really was that while his companions were engaged in grinding gold bearing quartz he mounted guard at the entrance. He should have been charged for abetment of the offence. There w no justification whatever, to reconsider the case of the individuals and reinstate them. The Association not bei satisfied with the attitude taken up by the Manageme refused to withdraw the notice.

The second notice of change is dated 12th October 1949 a reads as follows:—

> "After the general strike in February and in March th year about 29 workers were dismissed from t Mysore Mine under standing order 22 (k).
> It is very improper to have applied to standing orders these 29 workers only when the whole mine was strike. We therefore request the Management immediately re-instate them in their jobs."

It was pointed out to the Association that the list of the workers had not been furnished in the notice. The Supe intendent stated that only the ring-leaders who had instigat or taken an active part in the general strike that had bee dealt with under the standing order, and that having rega to the seriousness and magnitude of the strike it w impossible for the Management to reconsider their decisi and take them back to duty. The Association persisted in i demand and refused to withdraw it.

The third notice of change is dated 21st December 19 and the annexure reads as follows:—

> "The labourers mentioned overleaf have been dismisse from service on 23rd November 1949 by th Management of the Mysore Gold Mining Compa Ltd., without giving them any reason for the dismissal. The Association through this notice change requests the Management to reinstate the men paying them wages and other privileges for th period in which they were forced to be withou work".

At the very outset the Superintendent of the Mine point out that the 20 men referred to in the notice of change h not been dismissed at all. They had been discharged und standing order 21 (c) with 10 days' pay in lieu of notice, a no other penalty. The Management had perfect right to se away any man they did not want to have. The stay-in stri which led to the termination of the services of these men w of a so serious a character that the mine and all its valuab property were at the mercy of the strikers for nearly 30 hour In that interval any thing might have happened. The fa that no serious accident occurred could not be pleaded i extenuation of the part played by the ring-leaders an their followers. The Government considered the situation s grave that they permitted the Mining authorities to keep th mine closed for over 20 days by issuing a notification unde Section 42 of the Labour Act declaring a state of emergenc What had happened on the mine was really a concerte mutiny. In the circumstances the discharge of these me was perfectly justified. The argument of the Association wa that while most of the men had been taken back to dut there was really no justification to victimise a few individual on mere suspicion that they must have taken a prominen part in the affair. For aught one knew, they might b perfectly innocent individuals against whom the managemen bore some grudge. There was no sort of enquiry. The cas against these men was not stated to them and they were no called upon to defend themselves against the charges. Th standing order invoked in aid of the action taken against then must be held to be *ultra vires* as it was opposed to th spirit and provisions of the Labour Act. For these reason the Association pressed its demand but the Superintenden was unable to accept it.

The fourth notice of change is dated 1st December 1949 It deals with many matters such as increase in basic wage daily rated employees, periodical increments, dearness lowance, over-time and night shift allowances, sickness surance, housing, etc. The attitude of the Management to e several demands is that the orders of the Government on e report of the Committee set up under the Minimum 'ages Act must be awaited. Some of these questions were so raised before the Pay Commission and that body while aking a few recommendations left most of the questions to e dealt with by the Minimum Wages Committee. The latter which both the employers and the employees were presented had made several recommendations which if cepted by Government are binding on both the parties. The uperintendent of the Mines says that until Government pass ders on the Committee's recommendations, the Management e not prepared to go into any of the questions raised in the otice of change. The Association's attitude is that there are any questions in the notice of change which did not come ithin the purview of either the Pay Commission or the linimum Wage Board and that the Management should not ostpone the consideration of these questions. The Superntendent however, was not prepared to consider these demands this stage.

The conciliation proceedings in regard to all the four notices f change ended in failure and this failure is reported under ection 12 (4) of the Act.

Yours faithfully,

K. SUBBA RAO,

Chief Conciliator.

CHIEF SECRETARIAT.

(HOME DEPARTMENT).

Dated 1st June 1950.

No. H. 2044—Ptl. 2-50-3. The following Notification No. 4-5-49—F.I., dated the 25th April 1950 of the Government of India, Ministry of Home Affairs, New Delhi, is republished for information:—

In exercise of the powers conferred by Section 3 of the Indian Passport Act 1920 (XXXIV of 1920) and in supersession of the Indian Passport Rules, 1921, the Central Government is pleased to make the following rules:—

1. These rules may be called the Indian Passport Rule, 1950.

2. In these rules, "Competent authority" means any person designated by order of the Central Government to exercise all or any of the powers of a competent authority under these rules.

3. Save as provided in Rule 4, no person proceeding from any place outside India shall enter, or attempt to enter, India by water, land or air unless he is in possession of a valid passport conforming to the conditions prescribed in Rule 5.

Explanation:—A person entering India by water or air shall not be deemed to be proceeding from a place outside India by reason only of the fact that he has traversed extra-territorial waters or land in the course of his journey.

4. (1) The following classes of persons shall be exempted from the provisions of Rule 3:—

(*a*) persons whose age is in the opinion of a competent authority less than fifteen years;

(*b*) members of the Naval, Military or Air Forces of India entering India on duty, and members of the family of any such person when accompanying such person to India on a Government transport;

(c) persons domiciled in India proceeding from any of the French establishments in India (other than Pondicherry or Karaikal) or from any of the Portuguese establishments in India or from Pakistan or from Burma;

(d) persons domiciled in any French or Portuguese establishment in India proceeding from any French establishment in India other than Pondicherry or Karaikal or from any Portuguese establishment in India;

(e) persons domiciled in Pakistan proceeding from Pakistan;

(f) persons domiciled in India entering India by land over the Nepalese or Tibetan frontier;

(g) Nepalese, Tibetans and Bhutanese entering India by land over the Nepalese or Tibetan frontier:

(h) *bona fide* Mohamedan pilgrims returning from Jeddah or Basra;

(i) other persons or classes of persons specified by general or special order of the Central Government.

(2) In specifying any person or class of persons in accordance with the provisions of clause (i) of sub-rule (1), the Central Government may prescribe any conditions to which the exemption of such person or class of persons from the provisions of Rule 3 shall be subject.

5. The conditions of the valid passport are—

(i) that it shall have been issued or renewed by or on behalf of the Government of the country of which the person to whom it relates is a national; and shall be within the period of its validity;

(ii) that, except in the case of passports issued to *pardanshin* women, it shall have affixed to it a photograph of the person to whom it relates duly authenticated by the authority issuing the passport;

(iii) that when issued by or on behalf of the Government of any country in the Commonwealth (other than India) or of any colony or the Government of the Republic of Ireland, it shall be specifically valid for entry into any part of the Commonwealth (including India) or shall have been specifically endorsed by a competent authority as valid for entry into India;

(iv) that when issued by or on behalf of the Government of a foreign country it shall have been endorsed by a proper Indian or British diplomatic, consular or passport authority by way of visa for India in one or other of the following kinds, namely:—

(a) a single journey visa, valid for such period not exceeding one year as may be specified therein and for only one journey to India;

(b) a transit visa, valid for such period not exceeding one year or the period of validity of the visa for the country of ultimate destination, as may be specified therein and for one or more direct journeys through India undertaken for the sole purpose of reaching any place or country outside India, permitting on each such journey a sojourn of not more than fifteen days in India unless specially extended by a competent authority; and

(c) an ordinary visa, valid for such period not exceeding one year as may be specified therein and for any number of journeys to India;

(v) that it shall not have been obtained by mis representation or fraud.

ADDITIONAL SECRETARIAT

Dated 5th July 1950.

No. M. 6021—Census. 4-50-6. It is hereby notified for general information that a general Census of the population of the Mysore State will be taken between the 9th February and 1st March 1951.

"The Census" should be regarded as of paramount importance while it lasts and it will be the duty of all officers of Government and of non-officials who have been, or who may hereafter be, entrusted with Census work to ensure that the circulars and instructions issued by the Census Commissioner for the conduct and guidance of Census Officers in the taking of the Census are carried out promptly, efficiently and correctly.

It is further directed that the services of officials of all Departments other than the Palace, the Medical and Printing Departments be made available for the purpose of the ensuing Census without prejudice to their normal duties, on the requisition of Deputy Commissioners of Districts, the Commissioner of Bangalore Corporation and the Commissioners of Mysore City and Davangere Municipalities, and the President, Kolar Gold Fields Sanitary Board. To supplement the efforts of official agencies in carrying out this important work, Government desire from all classes of the public their ready and willing co-operation to render service in various capacities whenever it is required. It is expected that all persons will co-operate in furnishing accurate and unambiguous information in respect of the questions that may be put to them in the course of enumeration. Any person who intentionally gives a false answer to, or refuses to answer to the best of his knowledge or belief any question that may be asked of him by a Census Officer and which he is legally bound to answer will be punishable with fine up to a maximum of one thousand rupees.

The question authorised to be asked of every person and instructions issued as to the manner of recording answers to these questions, will be published in the *Mysore Gazette* for general information.

EDUCATION SECRETARIAT

Dated 15th July 1950.

No. E. 4073—Edn. 57-50-3. In view of the fact that the Maharaja's Sanskrit College, Mysore, has been taken over to the control of the Education Department, in Government Order No. E. 2182-84—Edn. 24-47-32, dated 1st June 1950, it is considered unnecessary to have two Boards for Sanskrit Studies and Examinations in the State, as at present; and that a single Board is sufficient for the whole State. Accordingly, the Board of Sanskrit Education and Examinations, Bangalore, reconstituted in Notification No. 11738—Edn. 24-48-44, dated 30th April 1949, is hereby cancelled; the term of the Board of Sanskrit Studies and Examinations, Mysore, reconstituted in Notification No. E. 4426—Edn. 57-46-4, dated 13th December 1946 and extended till the end of June 1950, in Notification No. E. 1781—Edn. 24-49-28, dated 18th May 1950, has expired. A single Board of Sanskrit Education and Examinations, is hereby constituted, for the whole State, for a period of three years with the following members:—

(1) The Director of Public Instruction in Mysore (President).
(2) The Senior Deputy Director of Public Instruction (Vice-President).
(3) The Secretary, Secondary Education Board, Bangalore (Secretary).
(4) The Inspector of Sanskrit Schools, Bangalore.
(5) The Principal, Sri Chamarajendra Sanskrit College, Bangalore.
(6) The Principal, Maharaja's Sanskrit College, Mysore.
(7) The Professor of Sanskrit, Maharaja's College, Mysore.
(8) Sri Sivakumaraswamigalu, Manager, Sanskrit College, Siddaganga.
(9) Sri Sivarathri Rajendraswamigalu, K. S. S. Patasala, Vani Vilas Road, Mysore.
(10) *Panditharatham Mahavidwan* Sirsi Gurushantha Sastry, Mysore.
(11) *Asthana Mahavidwan Nyayathirtha* A. Subbiah Sastry, Sravanabelagola.
(12) Sri B. N. Vijayadeva, M.A., Bar-at-Law, Advocate, Basavanagudi, Bangalore.
(13) Vidwan T. G. Siddapparadhya, M.A., Lecturer in Sanskrit, Intermediate College, Davangere.
(14) Dr. A. N. Narasimhia, M.A., Ph.D. (Lond.), Retired Principal, Maharaja's Sanskrit College, Mysore.
(15) Dr. H. L. Hariyappa, M.A., Ph.D., Mysore.
(16) Vidwan Venkatachala Gupta, Sanskrit Pandit, Government High School, Malleswaram, Bangalore.
(17) Dr. Sri Vidwan Patankar Chandrasekhara Bhatta, Lecturer in Sanskrit, Maharaja's College, Mysore.
(18) The Adhyaksha, Sanskrit College, Melkote.
(19) The Principal, Sri Chamarajendra Veda Mahapatasala, Bangalore.

By Order of His Highness the Maharaja.

2990

Dated 15th July 1950.

No. E. 4069—Edn. 57-50-5. Consequent on the transfer of control of the Maharaja's Sanskrit College, Mysore to the Education Department, in Government Order No. E. 2182-84—Edn. 24-47-32, dated 1st June 1950 and consequent on the abolition of the Board of Sanskrit Studies and Examinations, Mysore, in Notification No. E. 4073—Edn. 57-50-3, dated 15th July 1950, it is considered necessary to have only a Committee of Management for the Maharaja's Sanskrit College, Mysore.

Accordingly a Committee of Management for the Maharaja's Sanskrit College, Mysore, is hereby constituted for a period of three years with the following personnel:—

(1) Sri H. N. Pallegar, M.A., Huzur Secretary to His Highness the Maharaja of Mysore (Chairman).
(2) Professor C. R. Narasimha Sastry, M.A., Retired Professor of Sanskrit, Vani Vilas Mohalla, Mysore.
(3) The Professor of Sanskrit, Maharaja's College, Mysore.
(4) The Principal, Maharaja's Sanskrit College, Mysore (Secretary).
(5) The Muzrai Commissioner in Mysore, Bangalore.
(6) Sri Sivakumaraswamigalu, Manager, Sanskrit College, Siddaganga.
(7) Sri Sivarathri Rajendraswamigalu, President, Kyathanahalli Siddalingiah's Patasala, Mysore.
(8) The Adyaksha, Sanskrit College, Melkote.
(9) The Principal, Sri Chamarajendra Sanskrit College, Bangalore.
(10) The Principal, Sri Chamarajendra Veda Mahapatasala, Bangalore.
(11) *Rajasevaprasakta Rao Bahadur* M. Ramaswamy, Mysore.
(12) Sri Gopalakrishna Setty, Chairman, Trust Board, Mysore.
(13) Sowcar Bharamiah, Mysore.

By Order of His Highness the Maharaja,

A. C. NIRVANI GOWDA,
Secretary to Government,
Education Department.

By Order of His Highness the Maharaja,

K. SRINIVASAN,
Chief Secretary to Government.

ORDER.

The High Court Judges (Part B States) Salaries and Allowances) Order, 1950.

In exercise of the powers conferred by Article 221 of the Constitution of India, as applied to the States in Part B of the First Schedule by clause (13) of Article 238 thereof, the President, after consultation with the Rajpramukhs, is pleased to make the following order :—

1. (1) This Order may be called the High Court Judges (Part B States) (Salaries and Allowances) Order, 1950.

(2) It shall be deemed to have come into force on the 26th day of January, 1950.

2. In this Order,—

(*a*) "actual service,' includes—

(i) time spent by a Judge on duty as a judge or in the performance of such other functions as he may at the request of the President undertake to discharge;

(ii) vacations, excluding any time during which the Judge is absent on leave; and

(iii) joining time on transfer from a High Court to the Supreme Court or from one High Court to another;

(*b*) "Continuing judge" means a person who has become a judge of the High Court in a Part B State by virtue of the provisions of clause (2) of Article 376 of the Constitution;

(*c*) "Part B State" means a State specified in Part B of the First Schedule to the Constitution, other than the State of Jammu and Kashmir.

3. There shall be paid to every continuing Judge in respect of time spent on actual service salary at the same rate as was applicable to him immediately before the commencement of the Constitution in respect of time spent on actual service in the High Court for the corresponding Indian State, or at the rate of one thousand rupees per month, whichever is higher.

4. Every continuing Judge shall be entitled to receive such reasonable allowances to reimburse him for expenses incurred in travelling on duty within the territory of India, and shall be afforded such reasonable facilities in connection with the travelling, as may be prescribed by the President after consultation with the Rajpramukh, and until so prescribed, as may have been permissible to that Judge under the rules or orders of the corresponding Indian State in force immediately before the commencement of the Constitution.

5. The rights in respect of leave of absence (including leave allowances) and pension of every continuing Judge shall be governed by the provisions which immediately before the commencement of the Constitution were applicable to him as a Judge of the High Court in the corresponding Indian State.

2. The Record is intended to check litigation in regard to land to facilitate its disposal by the Courts, to reduce unnecessary expenditure by the raiyats in executing and registering documents and to protect them against fraud and fabrication of false claims. It will also be of assistance to Government as well as the raiyats in the distribution of assessment among the various hissadars, the grant of Takavi and Land Improvement Loans and the grant of suspension or remission of land revenue.

3. To facilitate the accurate preparation of the Record of Rights, the Preliminary Record will first be prepared by the Shanbhogs to the best of their information in the prescribed Form and every case will be duly investigated by a Special Revenue Inspector. There will be a check of the Preliminary Record by the Amildar or other officer specially authorised by the Superintendent of Land Records, Survey and Settlement or by the Deputy Commissioner, in this behalf. Occupants and persons interested in the land are required to furnish every information that may be within their knowledge to the Investigating Officers in order to ensure accuracy in the preparation of this Record which will form the basis of the future Records of Rights.

4. All persons interested in the land are required to render every reasonable assistance to officers of the Department of Land Records when they come to a village to measure the hissas and to conduct enquiries in cases disputed boundary lines between hissas in the field, after giving the prescribed notice.

5. The attention of the public is invited to the provisions of Section 7 of the Record of Rights Act requiring them on requisition by a Revenue Officer, engaged in compiling or revising the Record of Rights to furnish or produce information and documents needed for the correct compilation or revision thereof within one month from the date of such requisition. Failure to comply with this requisition and secure registration of their rights will render occupants and holders of interests in land liable to a fine not exceeding Rs. 5 (recoverable as an arrear of land revenue) besides depriving them of the advantages enumerated above. The officer to whom any information is furnished or before whom any documents are produced in accordance with the requisition will give a written acknowledgment therefor in the Form prescribed to the person furnishing or producing the same and shall endorse on any such document, before returning it to him, a note under signature stating the fact of its production and the date thereof.

By Order of His Highness the Maharaja.

EDUCATION SECRETARIAT.

Dated 9th September 1950.

Subject:—Government officials for the United Nations Fellowship and Scholarship Programmes.

No. E. 5744—Edn. 97-50-20. The United Nations Secretariat have requested the Government of India to recommend the names of Government officials for taking part in the United Nations Fellowship and Scholarship Programmes. Since the United Nations Fellowship and Scholarship Programme appears to be an annual feature, it is decided to send a list of officers serving under the Mysore Government. The names to be sponsored are ultimately dependent on the programme for 1951 to be formulated by the United Nations. The tentative nature of the applicacations is given below for the information of officers serving in this Government. It is to be clearly understood that the mere submission of names shall not entitle the officer concerned for the award of the fellowship or scholarships.

Qualification: (a) Fellowships in the field of Economic Development are open to men and women who have already acquired considerable experience in activities related to the economic development of their countries and in closely allied technical fields and preferably to those now engaged in such activities who, after completion of the period of study, would return to those fields in their countries. Candidates who have had at least seven years relevant professional or technical experience are eligible.

(b) Fellowships and scholarships in the field of Public Administration are open to men and women who have already acquired experience as active civil servants in any phase of the public administration of their countries. These will be awarded on the assumption that their holders, after completion of their study abroad, would return to the civil service employment in their countries. Candidates with at least ten years of relevant profession or technical experience are eligible for the fellowships. In the case of scholarships, promising junior civil servants will be nominated.

Word Experience.—Candidates should describe their word experience and should submit a 500 word statement in a language usable for working purposes in the proposed host country outlining their projected field of study.

Candidature.—There is no limit to the number of candidates who may be nominated.

Host Countries—Host facilities to be used by the economic development fellows for training and study have thus far been made available by the Governments of Australia, Belgium, Canada, Chile, Coasta Rica, Denmark, France, Mexico, India, The Netherlands, New Zealand, Norway, Sweden, United Kingdom and the United States.

Similarly, host facilities for public administration fellows and scholarship holders for training and study have thus far been made available by the Governments of Brazil, Canada, France, India, the United Kingdom and the United States.

Course of study.—Fellowships will consist entirely of practical training, while scholarships will comprise both practical training and training normally provided by academic organisations.

Selection.—All nominations for fellowships and scholarships are examined by a Selection Committee, the recommendations of this Committee are considered by the Secretary General who awards the fellowships and scholarships in the light of the existing budgetary provisions, geographical distribution of the candidates and available host facilities.

Monthly Report.—In order to assist the United Nations in the administration of the programme and in the maintenance of contact with the work plan and experience of the fellowship and scholarship holders, each one of them is requested to report on his work on the 1st of each month following his arrival in the host country.

Financial Aid.—The United Nations will provide:—

1. A monthly living allowance from $115 to $300 to each Fellow and from $100 to $200 to each Scholarship Holder in the local currency of the place of study;
2. Essential travel within the country in which the fellowship or scholarship is held required for the studies up to a limit which will be specified in each case;
3. A limited amount for the purchase of indispensable technical publications;
4. Such balance of travel costs to the host country as the Government is unable to pay.

The United Nations assumes no financial responsibility for such expenses as may be incurred by the Fellow or Scholarship holder for medical care or other emergencies. If sickness and accident insurance is available at reasonable cost in the host country, the Fellow or Scholarship holder will be advised to purchase such insurance from his own funds.

Last date of application.—Intending officers of Government are directed to send their applications (in quadruplicate) to the Secretary to Government, Education Department, before the 1st October 1950, in the form appended.

By Order of His Highness the Maharaja,

UNITED NATIONS ECONOMIC DEVELOPMENT FELLOWSHIP PROGRAMME AND PUBLIC ADMINISTRATION FELLOWSHIP AND SCHOLARSHIP PROGRAMME NOMINATION FORM.

Instructions: Sections A and C of this form are to be completed by the candidate. Each question must be answered clearly and completely. Type or print in ink. If more space is required attach additional pages. Candidate will forward completed form in quadruplicate to his Government. Section B is to be completed by a responsible official of nominating. Government will forward Nomination Forms to the United Nations as directed in the covering Brochure retaining a copy for reference purposes.

TRADE AGREEMENT BETWEEN THE GOVERNMENT OF INDIA AND THE GOVERNMENT OF THE FEDERAL REPUBLIC OF GERMANY.

The following is the text of the Trade Agreement between the Government of India and the Government of the Federal Republic of Germany, which has been signed on the 4th July 1950, at Bonn.

The Government of India and the Federal German Government being desirous of extending direct trade relations between their respective countries have agreed as follows:—

ARTICLE I.

With respect to the items mentioned in Annexures 'A' and 'B' which are attached to this Agreement and which shall be taken to form an integral part of this Agreement, the contracting parties agree that, wherever necessary, import and export licences shall be granted in accordance with the laws and regulations in force in either country from time to time up to the yearly value mentioned against each item.

ARTICLE II.

The granting of the licences referred to in Article I above shall be subject to negotiation of contracts which are mutually satisfactory regarding specifications, prices, delivery and other terms.

ARTICLE III.

The yearly value of any of the items mentioned in Annexures 'A' and 'B' can be altered or fresh items added by mutual agreement between the contracting parties.

ARTICLE IV.

Articles I—III of this Agreement are without prejudice to the rights of nationals or firms of either country entering into business transactions in respect of goods and commodities not forming part of this Agreement subject to and in confirmity with the laws and regulations of either contracting party for the time being in force.

ARTICLE V.

The Federal German Government will facilitate the employment of German technicians and specialists in India subject to mutual agreement in regard to terms and conditions between the Indian employer on the one hand and the German technician or specialist on the other, and shall afford assistance, wherever possible and necessary, for the training of Indian technicians in the Federal German Republic.

ARTICLE VI.

During the currency of this Agreement, the contracting parties agree, in order to facilitate the execution of the Agreement, to consult each other in respect of any matters arising from or in connection with the supply of goods between the countries or the employment of German technicians and specialists in India and the training of Indian technicians in the Federal German Republic in accordance with this Agreement.

ARTICLE VII.

Ships belonging to either of the two contracting parties shall be accorded, in the ports of the other party, the usual facilities in respect of bunkering and other services and the customary treatment in respect of duties, charges and taxes, except that any concessions made to ships engaged in the coasting trade of either party shall not be available under this Article to the other party.

ARTICLE VIII.

This Agreement, having received the approval of both Governments, comes into force with effect from the first day of July, 1950. It shall remain valid until the 30th day of June, 1951 and for such successive periods as may be mutually agreed upon before its expiry.

CHIEF SECRETARIAT

Notification dated 28th September 1950.

No. 9112—C.B. 221-50-1. The attention of the public is again invited to the provisions of the Retrocession (Miscellaneous Provisions) Act, 1947 relating to titles to or interests in immovable properties leased or granted by Military authorities in the Civil and Military Station, Bangalore. The Civil Area of the Bangalore Civil and Military Station was retroceded on 26th July 1947 and the Military area on 14th August 1947, so that the Government of Mysore have jurisdiction over the entire area of what was the Civil and Military Station. Consequently the laws that apply to the area are the laws of Mysore State. The question of titles to or interest in immovable properties in this Area is governed by the Retrocession Miscellaneous Provisions Act (XXV of 1947) as amended by Act XXIX of 1947—Sections 3 and 4. By Section 3 thereof all rights to or interests in immovable property situated in the Retroceded Area which have been granted or derived from the Crown or the District, Station or Military Commander are recognised by the Government of Mysore and are declared to have been validly granted. Section 4 is to the effect that the Government shall be entitled after retrocession to all rights and privileges to any immovable property and be also subject to any obligations or liabilities in respect thereof to which the Crown, a District, Station or Military Commander was entitled or subject. The position herefore is that in respect of grants of land that have been made prior to retrocession, the Government of Mysore take the place of the grantor, *i.e.*, the Crown who was represented in these transactions by the General Officer Commanding and the rights of the grantees continue to have effect according to the terms of the grant. In other words, the *status quo* is continued, the Government stepping into the place of the grantor and being entitled to the rights and subject to the obligations under the grant.

The existing grantees would be governed by the conditions under which the lands were originally granted to them by the Military authorities and the powers which were formerly assigned to and exercised by the General Officer Commanding the Division, in respect of these properties would now rest in, and be exercised by the corresponding authority of the Government of Mysore.

The Government of Mysore are now examining the terms and conditions on which the lands were granted by the Military and titles of the lessees to the lands or grounds and to the buildings built thereon with a view to regularising the titles of the present holders on reasonable terms or to resume them on payment of compensation or otherwise, as circumstances may warrant in each case.

In the meanwhile, the public are hereby warned against entering into dealings in respect of such properties purporting to acquire rights of ownership or otherwise. Such unauthorised alienations will not be recognised and parties entering into such transactions will be doing so at their own risk.

By Order of His Highness the Maharaja,
K. SRINIVASAN,
Chief Secretary.

The Programme is designed to allow opportunity to participating Governments to send abroad suitably qualified Social Welfare personnel to gain, through intensive observation, additional knowledge in the fields of Social Welfare activities that will be helpful to the countries concerned.

II. *Scope.*

Observation under the Programme includes intensive study of the administration and practice in agencies, organisations, institutions and other centres of Social Welfare activities abroad, and covers the following main branches of Social Welfare :—

A. Social Service—
  (1) Social Welfare Planning and Administration.
  (2) Organisation and Operation of Social Services.
  (3) Training.
    (*a*) Staff Supervision.
    (*b*) In-Service Training.
    (*c*) Schools of Social Work.

(4) Family Youth and Child Welfare.
- (*a*) Services for the Aged.
- (*b*) Institutional and Foster Care.
- (*c*) Counselling and Guidance Services.
- (*d*) Social Assistance.
- (*e*) Group Activities and Leisure Time Programmes.

(5) Methods of Research and Social Statistics.

(6) Services for Handicapped Groups (*e.g.*; blind, deaf, crippled), including manufacture and use of prosthetic appliances.

B. Social Defence—
- (1) Prevention of Crime.
- (2) Treatment of Offenders.
- (3) Suppression of Traffic in Persons and Prevention of Prostitution.

C. Migration—
- (1) Assistance, including legal aid, to indigent aliens.
- (2) Legislative and administrative practices regarding aliens.

D. Housing—
- (1) Administration of housing and town and country planning.
- (2) Housing and urban planning, survey techniques.
- (3) Physical planning programmes for urban and regional development.
- (4) Site planning, zoning, slum clearance, dispersal of population and industry.
- (5) Construction techniques.

E. Standards of Living.

III. *Duration*.

The duration of the Fellowship is generally from three to six months.

IV. *Financial Aspect*.

(i) During the course of observation abroad, the U.N. provides for the Fellows:—
- (*a*) a fixed monthly stipend, varying from country to country of observation;
- (*b*) cost of approved travel in connection with the Fellowship within the country of observation; and
- (*c*) a specified lump amount for purchase of technical publications.

(ii) The selected Fellows will themselves have to bear all incidental expenses connected with their travel abroad, such as cost of obtaining passports, visas, medical certificates, etc. They will also be responsible for their travelling expenses from their place of residence or duty to the port of embarkation in India and back (on return journey).

(iii) For 1950 Programme, the U.N. have agreed to bear half the cost of air travel of all the Fellows from India to their respective countries of observation and back. Is is expected that the U.N. will make a similar contribution towards the travel costs of selected Fellows from India during 1951 also. In respect of the portion of travel costs of 1951 Fellows from India to their countries of observation and back, which is not defrayed by the U.N., the position will be as follows:—

- (*a*) The Government of India will bear such costs in respect of the Central Government officials selected for the award of Fellowships.
- (*b*) So far as State Government officials and others selected for Fellowships are concerned, the selected Fellows themselves and/or their respective sponsoring authorities (State Governments, Universities, etc.) will have to bear the cost of their travel to the countries of observation and back to the extent to which such costs are not defrayed by the U.N. In exceptional cases, however, where a selected Fellow and/or his sponsoring authorities are not able to pay such costs, the Government of India will consider extending financial assistance according to the merits of each case.

(iv) Neither the U.N. nor the Government of India will accept any responsibility for the maintenance of the selected Fellows' families during their stay out of India.

V. *Qualifications*.

(*a*) *Education and Experience*.—

The intending candidates must possess adequate academic qualifications and technical training and actual experience in the particular field of Social Welfare in which they desire to observe.

(b) *Employment Status*—

The candidates must have present and/or future employment on a senior level in the particular branch of Social Welfare in which observation is desired.

(c) *Age and Health*—

The candidates should preferably be between 25 to 55 years of age and should be physically and mentally fit to carry on the proposed course of observation abroad.

(d) *Language knowledge*—

The candidates must be able to read, write and speak the language of the countries in which they wish to observe.

VI. *Procedure for submission of applications.*—

The following procedure for completion and submission of the applications should be strictly adhered to. Any applications not conforming to the prescribed procedure or otherwise incomplete or defective will be rejected and no correspondence in regard to such applications will be entered into:—

(a) All applications should be made in the prescribed form which should be filled in according to the instructions laid down in the body of the form. Four copies of the application form are attached. *Additional copies of the form, if required, may kindly be got locally printed or typed.*

(b) All applications should be made in *quadruplicate.*

(c) Each one of the four copies of an application should be accompanied by a copy of—

- (i) a medical certificate;
- (ii) a guarantee of 'Release and employment on return'; and
- (iii) declaration regarding travel expenses from India to the country of observation and back.

(All these certificates are to be supplied in the prescribed forms appended to the application form).

(d) All applications should be submitted through—

- (i) the respective Ministries, State Governments, or Heads of the Departments, in the case of Government officials; and
- (ii) Vice-Chancellors of Universities, Heads of Social Welfare organisations, etc., as the case may be, in the case of private candidates.

(e) All applications should be sent by Registered Post *Acknowledgment Due.*

The authorities forwarding the application of a candidate will be deemed as the "sponsoring authorities" in respect of that candidate, and will, *inter alia*, be expected to furnish the guarantee and declaration mentioned at (ii) and (iii) of sub-para (c) of para VI above.

VII. *Procedure of Selection.*

The Government of India will appoint a Selection Committee to scrutinize the applications received and will recommend suitable names to the U.N. who make the final selections for the award of Fellowships. The candidates may be required to come for a personal interview at New Delhi entirely at their own cost.

2. It is requested that the completed applications of suitable candidates, with your recommendations, may please be forwarded to this Ministry *by the 10th November 1950 at the latest.*

Yours faithfully,
N. S. JUNANKAR,
For *Deputy Secretary to the Government of India.*

LAW SECRETARIAT

Dated 31st October 1950.

No. L.S. 2725—L.W. 93-49-5. The following Resolution No. L.W.I. 56 (6)—50, dated the 7th May 1950, of the Government of India, Ministry of Labour, regarding the use of the word "Mazdoor" in place of "Coolie" is hereby published for general information:—

MINISTRY OF LABOUR.

RESOLUTION.

New Delhi, the 7th May 1950.

L. W. I. 56 (6)—50.—The Government of India have from time to time received representations against the use of the term "coolie" to signify Indian labourers. It has, therefore, been decided that the term should no longer be used in official correspondence and that it should be replaced by the word "mazdoor". Terms like "Khalasis, Lascars", Chowkidars, etc." which are well-known in certain trades, will, however, continue to be used.

The change in nomenclature is not intended to affect the present position of the workers belonging to the class of "coolies", as regards pay or allowances or pension in any way.

By Order of His Highness the Maharaja,

B. S. PUTTASWAMY,
Secretary to Government,

By Order of His Highness the Maharaja,

A. C. NIRVANI GOWDA,
Secretary to Government,
Education Department.

5980

Letter No. D. 5854—50, dated 13th September 1950, from the Deputy Secretary to the Government of India, New Delhi, (Ministry of Education), New Delhi.

Subject :—Nuffield Foundation Travelling Fellowships—Awards to Indian Graduates.

I am directed to enclose a copy of the announcement of the Nuffield Foundation, United Kingdom, regarding the award of Travelling Fellowships to Indian Scholars, both men and women.

The offer may kindly be given *wide* publicity and suitable candidates be advised to submit their applications not later than the 31st March 1951, to the Secretary, Nuffield Foundation Indian Advisory Committee, care of Planning Commission, Government House, New Delhi, from whom copies of the form of application can be obtained.

Nuffield Foundation Travelling Fellowships—Award to Indian Graduates.

The Nuffield Foundation, with the object of advancing the interests of India as a whole and further strengthening the academic ties between India and the United Kingdom, has decided to make available to India five travelling fellowships for the year from 1951-52. An Advisory Committee in India has been appointed by the Foundation to advise them on the administration of the scheme, consisting of Shri Gaganavihari L. Mehta, Member, Planning Commission (Chairman), Shri S. Varadachariar, Dr. C. V. Raman and Shri J. J. Gandhy. It has been decided to award the Fellowships for the year 1951-52 in the following subjects:—

2. Two Fellowships in Medical Sciences, preference being given to candidates wishing to study (*i*) Physiology or Bacteriology and (*ii*) Industrial Medicine or Public Health.

3. One Fellowship in Engineering, preference being given to candidates wishing to study Electrical Engineering (Generation or Distribution).

4. One Fellowship in Natural Sciences, preference being given to candidates wishing to study Plant Genetics or Soil Science, and

5. One Fellowship in Social Sciences, preference being given to candidates wishing to study Industrial Relations or Personnel Management, and Agricultural Economics.

6. The purpose of the Fellowships is to enable Indian graduates of outstanding ability to gain experience and training in the United Kingdom in their chosen fields, and to make contact with scholars working in those fields, with a view to the Fellows equipping themselves to take up senior posts in research and teaching in India.

7. The Fellowships are intended for men or women of first-rate intellectual and personal qualities, who have already shown unusual capacity to advance knowledge and teaching in one of the fields concerned. Candidates must be India nationals, normally between the ages of 25 and 40 years, and must be university graduates holding, preferably, a Master's or Doctor's degree, and having subsequently had a year or more of teaching or research experience on the staff of a University or comparable institution.

8. A Fellowship will normally be tenable for one year, but in exceptional cases may be extended for a further period of a few months by the Trustees and after consultation with the Foundation's Advisory Committee in India. Its value will be adjusted to suit the needs of the holder. It will be made on the basis that the Foundation provides the Fellow with free board and residence, and meets approved travelling expenses to, from and within the United Kingdom, and approved research or like fees. The only payment made direct to a Fellow will be an allowance) to cover other personal expenses. It is estimated that the total value of an award (exclusive of travelling expenses) will be at the rate of from £ 770 to £ 890 a year (sterling), according to individual circumstances.

9. In addition, the Foundation will pay the travelling expenses to and from the United Kingdom of a Fellow's wife, if he is married at the time he makes his application, in those cases in which the Advisory Committee agrees to a Fellow being accompanied by his wife.

10. A fellow will be expected to resume residence in India on the completion of the Fellowship.

11. Except with the express permission of the Trustees of the Foundation, a Fellow may not hold any other award concurrently with the Fellowship.

12. A Fellow will be required to carry out, at centres approved by the Trustees of the Foundation, a programme of research work and training, similarly approved. Other work, paid or unpaid, may not be undertaken without the permission of the Trustees. During the tenure of the Fellowship a Fellow will not be permitted to prepare

specifically for, or to take, examinations for higher degrees or diplomas awarded by bodies in the United Kingdom.

13. A Fellow will be required to submit to the Trustees, at the end of the Fellowship report on his work during the Fellowship.

14. Should the trustees at any time find that a Fellow neglects or has neglected the obligations of the appointment, they shall have power immediately to terminate the Fellowship.

15. The Fellowships will be awarded by the Trustees of the Foundation on the recommendation of its Advisory Committee in India.

16. Applications for Fellowships to begin in 1951 should be submitted not later than 31st March 1951, to the Secretary, Nuffield Foundation Indian Advisory Committee, care of Planning Commission, Government House, New Delhi, from whom copies of the form of application may be obtained.

Rs. 37-8-0 (Rs. 9-6-0 in the case of candidates belonging to the Scheduled Castes or Scheduled Tribes) with the application.

NOTE 1.—Only a Treasury Receipt or crossed Indian Postal Orders payable to the Secretary, Union Public Service Commission for this amount will be accepted. The Commission cannot accept the fee in cash or by cheque.

NOTE 2.—No claim for a refund of this fee will ordinarily be entertained, nor can it be held in reserve for any other examination or selection. A refund of Rs. 30 (Rs. 7-8-0 in case of candidates belonging to the Scheduled Castes or Scheduled Tribes) will however be made to candidates who are not admitted to the examination by the Commission. A refund of Rs. 30 (Rs. 7-8-0 in the case of candidates belonging to the Scheduled Castes or Scheduled Tribes) will also be made to those candidates who secure 30 per cent or more marks in the aggregate.

NOTE 3.—The Commission may at their discretion remit the prescribed fee where they are satisfied that the applicant is a *bona fide* displaced person and is not in a position to pay the fee.

NOTE 4.—Boys of the K.G. R.I.M. Colleges, whose applications are forwarded by the Principals with the recommendation that the applicants may be expected to secure at least 30 per cent of the aggregate marks are not required to pay any fee.

5. Candidates accepted for admission to the examination will be informed of the date, time and place of the examination in due course.

BISHAN DAS,
Deputy Secretary,
Union Public Service Commission.

MINISTRY OF DEFENCE.

NOTIFICATION.

New Delhi, the 7th October 1950.

No. 2331.—An examination for admission to the Joint Services Wing of the National Defence Academy for the Course commencing in July 1951 will be held by the Union Public Service Commission at Allahabad, Bombay, Calcutta, Delhi, Madras and Nagpur on 8th and 9th January 1951.

2. At the Joint Services Wing, cadets of all the three Services will receive combined training for a period extending over two years. The training will consist of two parts; 2/3rds being of an academic nature consisting of subjects like English, History and World outline, Mathematics, Science, Geography, Modern languages, Workshop practice, Civics and Economics and current Affairs, and 1/3rd Service training which will include subjects like P.T. Drill, Weapon training, Elementary Fieldcraft Organisation and Administration of the three Services, Internal combustion engines, Driving and maintenance theory, Map reading and Navigation, Equitation, Radio telephony and man-management. All cadets whilst under training will be required to take part in games and recreational training every day.

3. Admission to the Joint Services Wing of the National Defence Academy will be made through an examination to be conducted by the Union Public Service Commission followed by an interview by a Services Selection Board.

4. The approximate number of vacancies to be offered for entry into the Academy as a result of this examination will be as follows :—

Army including States Forces	...	175
Navy	...	15
Air Forces	...	25
Total	...	215

Candidates should indicate in the application form their order of preference if they wish to compete for more than one Service. Due consideration will be given to the preferences expressed by a candidate at the time of his application, but the Government of India reserves power to assign him to any Service or branch of Service taking into consideration the vacancies available in each Service branch and the aptitude of the cadet displayed whilst under training.

5. Candidates for admission to this examination must have been born not earlier than the 2nd January 1934 and not later than the 1st July 1936 for the Army and the Air Force and not earlier than the 2nd July 1934 and not later than the 1st July 1936 for the Navy. The age limits can in no case be relaxed.

6. A candidate must be an unmarried male and must either be—

(a) a citizen of India or

(b) a Gurkha subject of Nepal or

(c) a person who has migrated from Pakistan with the intention of permanently settling down in India or

(d) a subject of Sikkim or of a Portuguese or French possession in India,

and if he comes under category (c) or (d) must be a person in whose favour a certificate of eligibility has been given by the Government of India. A candidate in whose case such a certificate is necessary may be admitted to the examination on his furnishing proof that he has applied for the certificate and he may also be provisionally admitted to the Academy subject to the necessary certificate being eventually given to him by Government.

NOTE.—Persons who migrated to India from Pakistan before 19th July 1948 and have been ordinarily resident in India since then are eligible for appointment to services and posts under the Government of India without certificates of eligibility *qua* citizens of India. Persons who so migrated on or after the 19th July 1948 are non-citizens and must secure certificates of eligibility for appointment to Union Services, unless they had migrated before 30th September 1948 and had got themselves registered as citizens within the time allowed or had entered the Union Service without certificates of eligibility under the old instructions in which case certificates of eligibility will not be necessary.

7. Candidates should be medically fit in all respects. A number of qualified candidates are rejected subsequently on medical grounds. Candidates are, therefore advised in their own interest to get themselves medically examined before submitting their applications, to avoid rejection at the final stage. The development of the candidate should be such that by the time he attains the age of 17 he will reach the standards of medical fitness shown in Appendix I.

Sufficient number of suitable candidates recommended by a Services Selection Board will be medically examined by a Board of Service Doctors. No candidate not passed as fit by the Medical Board will be admitted to the Academy. The mere fact that the medical examination has been carried out by a Board of Service Doctors will not mean or imply that the candidate has been finally selected.

8. Candidates must undertake not to marry until they complete their full training at the Joint Services Wing and later on at the Parent Service Establishment. A candidate who marries subsequent to the date of his application, though successful at the ensuing or any subsequent examination will not be selected for training and a candidate who marries while under training shall be discharged and will be liable to refund all expenditure incurred on him by the Government. Commissioned Officers are not eligible for married accommodation:—

(a) Indian Navy.—Until they are promoted to the rank of Lieut.

(b) Army.—Until they attain the age of 25 years, and will be required to live in a mess.

(c) I.A.F.—Until they complete three years' minimum service or until they attain the age of 25 years whichever is earlier.

9. Candidates must have passed one of the following examinations/possess one of the following certificates. Attention is however, invited to Notes (i), (ii) and (iii) below:—

(a) the Matriculation Examination of a recognised Indian University; or

(b) an examination accepted by any such University as equivalent to a Matriculation Examination for the purpose of admission to a university course; or

NOTE (i).—In the case of candidates from the P.W.R.I.M. College which prepars candidates for an examination other than the Matriculation, a certificate from the Principal to the effect that they have reached a "Matriculation Pass" standard of education will be accepted.

NOTE (ii).—Candidates who have appeared or intend to appear, at any of the above examinations may also apply for admission to this examination. The applications of such candidates will be accepted provisionally and the successful ones at this examination will be required to furnish proof of their having passed that examination as soon as possible and in any case before they join the National Defence Academy.

NOTE (iii).—Students of Public Schools or of schools which prepare students specielly for Cambridge School Certificate Examination who are due to appear at the Cambridge School Certificate examination to be held in December 1951 are also eligible to apply for this examination provided they can submit a certificate from the Head/master Principal of the School that they are due to appear at the Cambridge School Certificate Examination in December 1951 and that they have attained the Matriculation standard of education.

10. A candidate must satisfy the Union Public Service Commission and the appointing authority that he is suitable in all respects for admission to the Academy.

11. The decision of the Union Public Service Commission as to the eligibility or otherwise of a candidate shall be final.

12. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Union Public Service Commission.

13. Any attempt on the part of a candidate or his relatives/friends to enlist support for his application will disqualify him for admission.

14. The maximum number of candidates to be admitted to the examination may at the discretion of the Commission, be limited to such number as the Commission may decide. If a limit is imposed and the number of candidates exceeds that limit, the Union Public Service Commission shall select from among the applicants those who shall be admitted to the examination and shall have regard in so doing to the suitability of the applicants for admission to the Academy.

15. The examination will include the following subjects and the maximum number of marks obtainable for each subject is as follows:—

3.	Mathematics—I	150
4.	Mathematics—II	150

In order to qualify in the written examination, candidates must obtain 40 per cent of the aggregate marks with 33⅓ per cent in each subject.

The Union Public Service Commission may, after considering the results of the written examination, lower the percentages of qualifying marks if they consider it necessary to do so.

16. From the marks assigned to candidates in each subject such deduction will be made as the Union Public Service Commission may consider necessary in order to secure that no credit is allowed merely for superficial knowledge.

17. Deductions for handwriting which is difficult to read will be made upto 20 per cent of the maximum marks for the written subjects. In English, and in every

other subject, deductions for bad English spelling will be made up to 10 per cent of the maximum marks.

18. The Union Public Service Commission shall prepare a list of candidates in order of their merit as disclosed by the aggregate marks awarded to each candidate at the written examination. The candidates who obtain qualifying marks at the written examination shall appear before a Services Selection Board. Candidates to be finally selected should secure the minimum qualifying marks both at the written examination and the Services Selection Board interview. Subject to this condition, they will then be placed in the order of merit on the basis of total marks secured. The final selection for admission to the Academy will be made in the order of merit depending on the number of vacancies for each course.

Candidates will appear before the Services Selection Boards, and undergo the tests thereat, at their own risk and will not be entitled to claim any compensation or other relief from Government in respect of any injury which they may sustain in the course of or as a result of any of the tests given to them at a Services Selection Board whether due to the negligence of any person or otherwise. Parents or Guardians of the candidates will be required to sign a certificate to this effect on the form appended to the application. Candidates when called up for interview by a Services Selection Board or for subsequent training will be eligible for T.A. and D.A. in accordance with the rules then in force. Candidates who have previously been before a Services Selection Board for the same type of Commission are not entitled to T.A. and D.A. on subsequent occasions.

19. Candidates finally selected will undergo a two years course at the Joint Services Wing of the National Defence Academy. The successful candidates after the first two years' training will undergo further specialised training in the branch of service for which they may be selected. The cadets for the Army receive their advanced training at the Military Wing of the Academy itself, while those for the Indian Navy proceed to Naval Training Ships/Establishments and those for the Air Force are sent to the Air Force Academy. While at the National Defence Academy, cadets will be subject to the discipline of the service for which they are selected.

20. Before the candidate joins the Academy, the parent or guardian will be required to sign :—

(a) a certificate to the effect that he fully understands, that he or his son/ward shall not be entitled to claim any compensation or other relief from the Government in respect of any injury which his son/ward may sustain in the course of or as a result of the training to be undergone by him at the Academy, whether due to the negligence of any person or otherwise.

(b) a bond to the effect that, if for any reasons considered within the control of the candidate, he wishes to withdraw before the completion of the course, or fails to accept a commission if offered, he will be liable to refund the whole or such portion of the cost of tuition, food, clothing and pay and allowances received as may be decided upon by Government.

(c) *a declaration by parents or guardians of candidates selected for the Indian Navy only that they are in a position and will be prepared to discharge the financial obligations attaching to the candidates, further training if this is done in the U.K. on completion of the preliminary training at the Joint Services Wing of the National Defence Academy.

21. The cost of training including accommodation books, uniforms, boarding and medical treatment will be borne by the Government. Parents or guardians of cadets will, however, be required to meet their pocket and other private expenses. Normally these expenses are not likely to exceed Rs. 30 p.m. Where cadet's parents or guardians are unable to meet wholly or partly even this expenditure, financial assistance up to Rs. 30 p.m. may be granted by the Government. No cadet whose parent or guardian has an income of Rs. 300 p.m. or above would be eligible for the grant of the financial assistance.

A candidate desirous of securing financial assistance should, immediately after his final selection, submit an application through the District Magistrate of his District, who will, with his recommendation forward the application to the Ministry of Defence, Government of India.

UNION PUBLIC SERVICE COMMISSION

INSTRUCTIONS TO CANDIDATES REGARDING THE FILLING UP AND SUBMISSION OF APPLICATIONS FOR THE EXAMINATION FOR ENTRY INTO THE JOINT SERVICES WING OF THE NATIONAL DEFENCE ACADEMY AT DEHRA DUN.

(1) A copy of the Notice, Notification, etc., for the examination is sent herewith. (The fact that these papers are being supplied to a candidate is no evidence of his eligibility for admission to the examination. Candidates should consult them to see if they are eligible before filling up the application form or paying the prescribed fee. The conditions prescribed cannot be relaxed).

(2) The enclosed application form must be filled up in the candidate's own handwriting. All columns must be completed and all answers must be given in words and not by dashes or dots. The application form should be submitted direct to the Secretary, Union Public Service Commission, Parliament House, Post Box No. 186, New Delhi. A service candidate must submit his application through his Commanding Officer who will, if he considers the candidate eligiblge forward it to the Union Public Service Commission with his recommendations (*vide* Section 'B' of the application form). Applications of eligible candidates will not be withheld even if the candidates are not recommended. Indian Navy boys and artificer apprentices under training will apply for entry into the Indian Navy only.

Candidates from the P.W.R.I.M. College, Dehra Dun, and K.G.R.I.M. Colleges, should submit their applications through the Principal of the College.

(3) Applications should be sent by registered post when they cannot be presented in person. If a candidate fails to register his application, he does so at his own risk. If he desires an acknowledgment, he should send his application 'Registered Acknowledgment Due'.

(4) If before or after the examination it is found that a candidate has knowingly furnished any particulars which are false, or has suppressed material information, he will be disqualified, and, if already admitted to the Academy, removed.

(5) The candidate must send the following documents with his application :—

(i) A Treasury Receipt or crossed Indian Postal Orders payable to the Secretary, Union Public Service Commission, for Rs. 37-8-0 (Rs. 9-6-0 in the case of candidates belonging to the Scheduled Castes or Scheduled Tribes). (Fees in cash or by cheque are not acceptable).

(ii) A certificate of age.

(iii) A certificate of educational qualification in original.

(iv) Declaration mentioned in para 18 of the Notification.

Details of the required documents are given below :—

Candidates are warned that if the application is incompletely or wrongly filled up or is not accompanied by the documents mentioned in items (ii) to (iv) above or by a reasonable explanation for the absence of such documents it will be summarily rejected and that no appeal against its rejection will be entertained.

Candidates are hereby futher warned that they must submit the documents which they have not sent with their applications, and for the absence of which they have given explanation in their applications, soon after the

---

*NOTE:—By the time these cadets pass out of the Joint Services Wings, it is anticipated that facilities for further Naval training would be available in India. If, however, such facilities be not available by then, Naval Cadets may be sent to the U.K. for further training. During the cadets training in the U.K., parents or guardians will be required to meet their private and vacation expenses, ranging from £125 to £ 140 approximately.

submission of the applications. In any case they must be sent so as to reach the Commissions' office one month before the date of commencement of the examination; otherwise their candidature for the examination will be cancelled.

Candidates are also warned that they should in no case tamper with the entries in the documents submitted by them. Candidates found guilty of tampering are liable to be prosecuted in addition to being permanently debarred from Commission's examinations and selections and from employment under Government.

(i) A treasury receipt or crossed Indian Postal Orders for Rs. 37-8-0 (Rs. 9-6-0 in the case of candidates belonging to the Scheduled Castes or Scheduled Tribes). The amount may be deposited in the nearest Government Treasuary, or in a branch of the Imperial Bank of India or in a Treasury authorised to transact business on behalf of the Government (Amount deposited at Bombay, Calcutta, Delhi, or Madras should be deposited in the Reserve Bank of India instead of in the Imperial Bank of India). The Treasury or Bank should be asked to credit it to Government under the account head 'XXXVI. Miscellaneous Departments—Examination Fees—Receipts of the Union Public Service Commission.'

'CANDIDATES MUST SEE THAT THEY ARE ELIGIBLE, AND MUST DECIDE DEFINITELY TO ENTER FOR THE EXAMINATION BEFORE DEPOSITING THE FEE IN THE TREASURY (OR BANK). THE FEE WILL NOT BE RETURNED IN ANY CIRCUMSTANCES WHATEVER, NOR WILL IT BE HELD IN RESERVE FOR ANY OTHER EXAMINATION (OR SELECTION) ONCE AN APPLICATION HAS BEEN CONSIDERED BY THE COMMISSION.'

A refund of Rs. 30 (Rs. 7-8-0 in the case of candidates belonging to the Scheduled Castes or Scheduled Tribes) will however be allowed to a candidate if he is not admitted to the examination by the Commission or having been admitted secures 30 per cent or more of the aggregate marks at the examination. The name of the examination and of Treasury at which the fee is deposited should be clearly entered in the Treasury Receipt. The Treasury Receipt should be on the form pertaining to Central Government transactions and should be obtained from the treasury at which the fee is deposited.

NOTE 1.—Candidates who are in the United Kingdom, Australia, Pakistan, Burma, Ceylon or Malaya at the time of submitting their applications should deposit the amount of their prescribed fee. [The equivalent fee of Rs. 37-8-0 (Rs. 9-6-0 in the case of candidates belonging to the Scheduled Castes or Scheduled Tribes in the Office of the High Commissioner for India in the United Kingdom Australia or Pakistan or in the Office of India's Ambassador in Burma or in the Office of the Government of India's representative in Ceylon or Malaya, as the case may be, and forward the receipt from that office.

NOTE 2.—Cash or cheques will not be accepted by the Union Public Service Commission. All postal orders should be crossed and made payable to the Secretary, Union Public Service Commission at New Delhi Post Office and in no case will Postal Orders payable at any other post office be accepted.

NOTE 3.—An application not accompanied by a Treasury Receipt or crossed Indian Postal Orders for Rs. 37-8-0 (Rs. 9-6-0 in the case of candidates belonging to the Scheduled Castes or Scheduled Tribes) will be summarily rejected and no explanation for inability to send the Treasury Receipt or crossed Indian Postal Orders, with the application will be considered. This does not apply to displaced persons seeking remission of the fee (*vide* para 12 below) and boys of the K.G.R.I.M. Colleges.

(ii) Certificate of age (see paragraph 5 of the Notification).

(*a*) The only proof of age ordinarily accepted by the Commission is the age or date of birth entered in the Matriculation Certificate or one of the other certificates listed in paragraph 9 of the Notification. This certificate must be sent with the application in original. If a Matriculation or equivalent certificate does not give the exact date of birth, the candidate must send in addition to the Matriculation or equivalent Certificate, a certificate (in original) from the Headmaster of the High School which he first attended showing the date of his birth or his exact age as recorded at the time of his admission to the school. An Anglo-Indian or an Indian Christian may send his original Baptismal or Birth Registration Certificate instead of the Headmaster's certificate.

A candidate who has passed the Matriculation or equivalent examination as a private student must submit in addition to the Matriculation or equivalent certificate, a certificate from the Headmaster or the School which he first attended showing the date of his birth or his exact age as recorded in the school admission register. If no school was ever attended, a certified extract from the Municipal Birth Register relating to himself or some other convincing proof in support of the age stated in the Matriculation Certificate should be submitted. The application of a private student who can produce no satisfactory evidence in support of the age stated in his Matriculation or equivalent certificate may be rejected. If the Matriculation Certificate has not been issued to a candidate, he should submit along with his application an age certificate from the Headmaster of the School from where he appeared in the Matriculation Examination. Such a candidate will be required to submit his original Matriculation Certificate before he is admitted to the National Defence Academy. He will be disqualified if later on it is found that the date of birth claimed by him in the application differs from that entered in his Matriculation Certificate unless the discrepancy is explained to the satisfaction of the Union Public Service Commission.

NOTE 1.—A transfer certificate from a school or college will not be accepted as evidence of age.

NOTE 2.—The age and nationality certificate, issued by some State authorities is not required.

NOTE 3.—Displaced persons who have lost their original Matriculation Certificates in Pakistan, should obtain duplicate certificate from University concerned. If they are unable to obtain the duplicate Matriculation Certificate from the University, they should submit an extract from the University Gazette in which their results were published showing their date of birth and certified by the Registrar or the Headmaster.

NOTE 4.—Ordinarily the Commission do not accept a date of birth other than that proved or supported by the Matriculation Certificate. If they do so they require not only convincing proof of the date claimed but also a satisfactory explanation of the incorrect entry in the Matriculation Certificate. When once a date of birth has been claimed and accepted by the Commission for the purpose of admission to an examination, no change will be allowed at a subsequent examination. Candidates who wish to challenge the entry of their age in a Matriculation Certificate must do so at the first opportunity. In such cases a candidate must send direct to the Union Public Service Commission all the evidence on which he bases his claim as soon as he has submitted his application.

(*b*) Candidates from the P. W. R. I. M. College, Dehra Dun or K. G. R. I. M. Colleges must submit a certificate of age from the Principal of the College and no other certificate as evidence of age will be required.

(*c*) Candidates who apply *vide* Note (iii) under paragraph 9 of Notification should submit a certificate from the Headmaster/Principal showing the date of birth as recorded in the School.

(iii) Certificate of educational qualification (see paragraph 9 of the Notification). A certificate or diploma in original showing that the candidate has one of the qualifications prescribed for the examination. The certificate submitted must be one issued by the authority (*i.e.*, University or other examining body) awarding the particular qualification. If such a certificate or diploma is not submitted the candidate must explain its absence and submit such other evidence (in original) as he can to support his claim to the requisite qualifications. The Commission will consider this evidence on its merits but do not bind themselves to accept it as sufficient.'

NOTE 1.—Candidates who have appeared or intend to appear at any of the examinations mentioned in paragraph 9 of Notification may also apply for admission to this examination. The applications of such candidates will be accepted provisionally and the successful ones at this examination will be required to furnish proof of their having passed that examination as soon as possible and in any case before they join the National Defence Academy, if finally selected.

NOTE 2.—Students of Public Schools or of Schools which prepare students specially for Cambridge School Certificate Examination who are due to appear at Cambridge School Certificate Examination to be held in December 1951 should submit a Certificate from the Headmaster/Principal of the School that they are due to appear at the Cambridge School Certificate Examination in December 1951 and that they have attained the Matriculation Standard of education.

NOTE 3.—Candidates from the P. W. R. I. M. College should submit a certificate from the Principal to the effect that they have reached a 'Matriculation Pass', Standard of education.

NOTE 4.—In exceptional cases a candidate who has been prevented from obtaining a Matriculation Certificate or its equivalent for reasons beyond his control may at the discretion of the Union Public Service Commission be admitted to the examination provided he produces a certificate from a Gazetted Officer of the Central or State Government or a Principal or Headmaster specifying the institution where he studied up to the Matric class, the University or Board which was holding the Matriculation Examination, whether admission certificate was issued to him and the reasons which prevented him from taking the examination.

(iv) Declaration mentioned in para 18 of the Notification.

6. Candidates may be required at the interview by the Services Selection Board to produce the original of any documents of which copies have been submitted in connection with question 18 of the application form.

(7) Copies of the Certificate mentioned in paragraph (5) (ii) and (iii) above should also be submitted along with the original. If the candidate has already submitted any of these certificates in connection with another examination conducted by the Union Public Service Commission and if it has not yet been returned to him he should mention the fact when submitting his application and, if possible, enclose a copy of the certificate. If the certificate is not with the Commission, it should be sent with the application whether the candidate appeared at a previous examination conducted by the Commission or not. If any certificate cannot be submitted with the application reasonable explanation of its absence must be given.

Candidates are advised to keep attested copies of their original certificates with them before submitting them to the Union Public Service Commission, as the Commission cannot undertake to return the original certificates until orders are passed on their applications, nor can they undertake to supply attested copies to candidates.

NOTE.—Certificates other than those mentioned in paragraph (5) (ii) and (iii) above will not be returned.

(8) All communications in respect of an application should be addressed to the Secretary, Union Public Service Commission, Parliament House, Post Box No. 186, New Delhi, and should contain the following Particulars :—

NAME OF EXAMINATION.
MONTH AND YEAR OF EXAMINATION.
ROLL NO. (if communicated to the candidate).
NAME OF CANDIDATE.
ADDRESS AS GIVEN IN APPLICATION.

Communications which do not contain these particulars may not be attended to.

(9) The fact that an application form has been supplied on a particular date will not be accepted as an excuse for the late submission of application or as evidence of the receiver's eligibility to compete.

(10) Every candidate for admission to the examination will be informed at the earliest possible date of the result of his application. It is not possible for the Union Public Service Commission, however, to say when that result will be communicated.

All returnable certificates or papers will be returned when the result of his application is communicated to the candidates.

(11) Candidates must make arrangements to see that communications addressed to them at the address stated in their applications are re-directed, if necessary. Also any change of address should be communicated at once to the Secretary, Union Public Service Commission. If a change of address has taken place after the examination it should also be notified to Army Headquarters, A.G.'s Branch, SP 2, Defence Headquarters, P.O., New Delhi. Although the authorities make every effort to take account of changes in candidates' addresses, they cannot accept any responsibility in the matter.

(12) (i) A displaced person seeking remission of the prescribed fee should forward along with his application his Refugee Registration Card (in original) and a certificate (also in original) from a District Officer or a Gazetted Officer of Government or a Member of the Parliament or a State Legislature to show that he is not in a position to pay the prescribed fee.

(ii) A person who has migrated to India from Pakistan and in whose case a certificate of eligibility is required in terms of the Note under Rule 6 or who is a subject of Sikkim or of a Portuguese or French possession in India should produce proof of his having applied to the Government of India, Ministry of Defence, for issue of the required certificate of eligibility in his favour.

(iii) If a certificate of eligibility is not necessary in the case of a person who has migrated from Pakistan, *vide* Note under Rule 6, he should produce an affidavit sworn before a First Class Magistrate in one of the following forms, whichever may be applicable to him :—

(1) "I declare that I migrated to India from Pakistan before the 19th July 1948 and have ordinarily been resident in India in the State of..since, then."

*(2) " I declare that I migrated to India from Pakistan after 18th July 1948 but before the 30th September 1948 and have ordinarily been resident in India in the State of ....since then."

I further declare that I had

* got myself registered as a citizen of India before the 26th January 1950.

* entered the Union Services without a certificate of eligibility under the old instructions before the 26th January 1950.

* Delete the portion not applicable.

PARTICULARS REGARDING OFFER OF THREE OR FOUR SEATS TO INDIAN STUDENTS AT THE INTERNATIONAL STUDENT CENTRE, BERLIN (GERMANY).

1. Eichkamp or The Society for International Student Work, Berlin (Germany), is an attempt of a group of individual students from all over the world to find peace and understanding through common constructive work. The have offered three or four seats to Indian students to reside at their Centre at Berlin and continue studies at on of the Berlin Universities.

2 Duration of the award would be one year in the first instance; but if the course of studies followed by th student necessitates his stay there beyond a year, he would be allowed to do so.

3. For the entire period the selected scholar would be entitled to free lodging and boarding at the Centre an besides that he would receive 20 D.M. (1 D.M.=Rs. 1·33) as pocket money per month.

4. Travel expenses from India to Germany and back and within Germany will have to be borne by the selecte scholar. Due to travel difficulties between Hamburg aud Berlin it might be necessary for the student to travel by a from the port of disembarkation to Berlin. Thus besides the sea passage the selected scholar would be advised t provide himself with 50 D.M. per month for the entire period of his stay there. Tuition fees and other expenses at th University will also have to be borne by the student.

5. Students residing at the Centre build their own houses, workshops, dormitories, etc., and also raise their ow food but students from foreign countries joining the Centre will not have to take part in any manual work.

6. The medium of instruction is the German Language only. Though no definite standard is laid down for India students, it is necessary that a student should have a working knowledge of German before leaving India, and shoul devote himself seriously to the study of German on his arrival in Germany.

7. Free Berlin University and Technical University at Berlin are recommended for admission by Indian student A statement giving various courses in each University and the duration of the courses is attached.

8. The next term starts from the beginning of April 1951. The selected students would be required to reac Berlin about a fortnight before commencement of the term.

9. The rooms at the Centre are always occupied by one German and one foreigner. The student is required t carry his own bed linen.

10. Applications must be made in duplicate on the prescribed form and should reach this Ministry on or before th 7th December, 1950.

11. Candidates must furnish a certificate of financial guarantee to the effect that they or their guardians are in position to meet the additional expenditure involved. This must accompany the application.

12. If an applicant is in employ, his application must be fowarded through proper channel.

Dated 21st November 1950.

No. D. 5541—I. & C. The following Trade Agreement etween the Government of India and the Government of witzerland is published for the information of the public.

By Order of His Highness the Maharaja,

R. J. REGO,
Secretary to Government.
Development Department.

RADE AGREEMENT BETWEEN THE GOVERNMENT OF INDIA AND THE GOVERNMENT OF SWITZERLAND.

The following is the text of a fresh Indo-Swiss Trade greement which has been ratified by the Governments of dia and Switzerland. The Agreement comes into force ith retrospective effect from the 1st March 1950 and will main valid upto the 28th February 1951 :—

LE DELEGUE, BERNE,
ux Accords Commerciaux. *April 15th, 1950.*

EAR SIR,

As a result of the negotiations between the Delegations the Swiss Government and the Government of India, e following Agreement has been reached :—

1. During the year ending 28th February 1951 the wiss Authorities will issue quota attributions and/or quota certificates for the export of goods of Swiss origin to India for the following amounts :—

	Swiss Francs.
Equipment for machine-tool factory	18,000,000
Railway coaches	5,000,000
Other machinery	22,000,000
Apparatus	3,000,000
Aluminium including aluminium circles, sheets, aluminium foils, tea-chest linings and manufactured products of aluminium	4,000,000
Watches and clocks	15,000,000
Dye stuffs, textile chemicals, pharmaceuticals and other chemicals	17,000,000
Textiles including silk, artificial silk, cotton and spun silk yarns; silk, artificial silk, cotton and woollen tissues; embroidered allovers of silk, artificial silk, cotton and wool; silk and artificial silk ribbons; underwear and ready-made clothing	10,000,000
Miscellaneous	3,000,000
Total	97,000,000

The Indian Authorities will issue import licences for the amounts set out above during the said period.

2. This Agreement will be subject to the ratification of the two Governments concerned. It will come into force immediately after ratification but with retrospective effect from the 1st March, 1950. Before the Agreement is ratified the detailed break-down of the broad figures mentioned in paragraph 1 will be settled by mutual Agreement at New Delhi. The Swiss proposal for this break-down is set out in Schedule A attached to this letter.

3. The Indian Government undertake to grant export licences and otherwise to facilitate export of the following commodities, the export of which are regulated;

15,000 metric tons groundnuts.
5,000 metric tons groundnut oil.

4,000 metric tons linseed.
500 metric tons hessians.
700 metric tons coffee.
1,000 metric tons manganese ore.
p.m.... ..... other oil seeds.

Further, the Government of India will encourage the export to Switzerland of the commodities set out in Schedule B. The Swiss Government on their part will facilitate the import of Indian goods into Switzerland; such imports would not be subject to any measure of prohibition or restriction except in cases where imports into Switzerland from all sources of a particular commodity have to be restricted in order to safeguard the vital interests of the corresponding Swiss industrial or agricultural producers.

4. In terms of the letter of the 31st March, 1950, from Mr. Schaffner to H. E. the Indian Minister in Switzerland, the Swiss Government undertake to keep alive export licences and to grant quota certificates in pursuance of export attributions granted by them during the currency of the previous Agreement even if the resultant payments during the period of the current Agreement, together with the payments resulting from new licences granted in terms of the current Agreement exceed the figure of 97 million Swiss francs, which has been accepted as the limit of exports from Switzerland to India. In other words, the limit of 97 million Swiss francs for exports from Switzerland to India will be regarded as a limit up to which new licences will be issued in addition to the export attributions and licences granted during the currency of the previous Agreement.

5. The present Agreement does not take into account payments in respect of invisibles.

Yours sincerely,
(Sd.) HANS SCHAFFNER.

To
HIS EXCELLENCY MR. D. B. DESAI,
Envoy-Extraordinary and
Minister Plenipotentiary of India,
BERNE.
